True conviviality, good fellowship refection was enjoyed. To the caterers, all of whom are members of the lodge given last night by East Liverpool Lodge No. 258, B. P. O. E., in its beautiful parlors on Washington street, one never to be forgotten and one that will be cherished in the memory of every Elk and invited guest present.

THE TRACKLAYING HAS BEEN FINISHED

PLEASANT HEIGHTS STREET RAILWAY SOON READY FOR USE.

A Good Job Done—Cars Expected to Be in Operation March 15.

The construction of the track for the Pleasant Heights extension of the East Liverpool street railway has been completed, and indications now point to an early completion of the road.

Contractor McSpadden has had his force of men constantly at work, rain or shine, ever since the contract was let late in the fall.

As a result, though the progress has been necessarily slow during extremely rough weather, the road bed has been put in with care and in a manner that makes it the very best in the city.

Every foot of the road is ballasted with broken sandstone, and the materials are all new and modern. The turnouts, or safety switches have been placed as the track was laid, and are so located as to make the line absolutely safe.

Linemen are now engaged in connecting up the rails by means of bands, and the overhead wiring is also under way.

The contractor and the parties employing him are confident that the road will be completed and in operation by the time limit, March 15.

OPTION TAKEN ON A LOCATION

Co-Operative Store Company Has a Conditional Bargain for Oppelt Store.

STOCKHOLDERS TO DECIDE

The Grocery Stock, if Purchased, Would Be Taken at an Appraised Valuation—The Site a Desirable One and Apparently Favored.

An option has been taken on the Fifth street grocery store of Edwin Oppelt by a committee representing the stockholders of the co-operative store. The purchase of the establishment will be recommended at the next meeting of the stockholders to be held February 2. It is understood that the stock and fixtures can be taken over at cost and if the option is favorably considered an inventory will be made.

Several other properties were considered by the committee but the one decided upon offered the greatest advantages. The store is large and will afford ample accommodations for an establishment on the scale proposed for the co-operative project. The central location is another advantage.

The committee could not find a vacant room in a desirable part of the city that would meet the demands and the only alternative was to secure an established business. The opportunity was a particularly advantageous one to those who were interested in locating the establishment, and the fact that the stock and fixtures could be secured at just what they invoice, could not be disregarded by the committee. A meeting was held this week, and it is understood the decision was made at that time.

While the business of Mr. Oppelt is an old one and long established, and for that reason would be advantageous to an individual who was considering the opening of a store, this is not taken into consideration by the co-operative store people, since they will have their patronage insured as soon as the concern is ready for business, and will not be compelled to drum up a trade.

Mr. Oppelt, it is said, has been desirous of retiring from active business life for some time, as his health is not good.

TWO MORE DIVORCES GRANTED YESTERDAY

An East Liverpool Couple, Whose Matrimonial Woes Were Many, Legally Separated.

Lisbon, January 23.—(Special)—Two more divorces were granted in common pleas court yesterday. Daniel Jones of Leontonia was divorced from Catherine Burris Jones on grounds of wilful absence and habitual drunkenness. They were married in July, 1892.

Legal separation from Melvin Woolley was granted to Minnie A. Woolley, of East Liverpool, and the plaintiff's maiden name, Minnie Kays, was restored. They were married August 6, 1895, at East Liverpool. Only one child, now deceased, was born to them.

The wife alleged that on May 5, 1902 her husband was guilty of wanton and extreme cruelty toward her, knocking her down and threatening to kill her.

It was further charged that at various times prior to the date mentioned the husband was guilty of similar cruelty and was habitually drunk. Mrs. Woolley did not live with him after the occurrence last May, and has received no support from him though he received good wages.

NEW FLAG WAS RAISED AT GRANT STREET SCHOOL

Appropriate Exercises By the Pupils When It Was Placed in Position Yesterday at Noon.

"Old Glory" was floated to the breeze with appropriate exercises at the Grant street school building yesterday noon. The banner was a new one recently purchased by the board of education for the purpose.

At the noon hour the pupils and teachers marched to the front of the building and lead by Professor Laughlin sang the patriotic air, "Old Glory," while John Orr, the panitor, sent the starry emblem to the top of the tall flag staff.

After the flag was in place the assembly sang "America." The flag replaces the old one worn out by the elements and its dimensions are 5x10 feet.

ON THE ELECTION OF A SCHOOL BOARD

ATTORNEY GENERAL SHEETS' REPORTED DECISION.

Under It There Would Be No Election for School Officers in This City This Year.

An unconfirmed report from Lisbon this morning stated that Attorney General Sheets had rendered a decision, at the request of State School Commissioner Bonebrake, on the question of holding elections in the spring for members of the board of education and board of assessors.

Attorney W. B. Hill, clerk of the board of education, when interviewed, stated that he had received no information on the question. It is a most important one and much will depend on the attorney general's conclusions. If the report from Lisbon be true there will be no election in the spring, the attorney general holding that the members now serving shall hold their seats until action is taken by the legislature.

A remarkable feature in East Liverpool is that if the legislature commands the elections to be held after the manner provided by the code for the election of councilmen there will be absolutely no change that can result. The code bearing on the councilmanic election provides that one member each from each ward and three members at large shall be elected. The present board of education is so made up there being a member from each of the four wards designated by council and three at large.

LOCAL MILLINERS NOT ALARMED

The Crusade of State Game Warden Not Allowed to Interfere With Their Business.

East Liverpool merchants engaged in the millinery trade do not seem to be at all worried over the recent revival of the crusade by the state game warden.

Several stores have on hand supplies of the prohibited birds, and their sale merrily go on wherever an opportunity offers. As a rule, the law is considered as being rather a good joke than a proposition to be seriously considered as affecting their business.

The Millinery Merchants' Protective association recently sent out circulars to the local milliners informing them that the law merely referred to gulls, sea-pigeons, herons, terns and geese and was exclusive of all such birds as the crow, hawk, English sparrow crane, raven, common blackbird and kingfisher. The circular letter also advises the merchants to communicate with the head office of the association if they are "annoyed" by game wardens relative to this matter.

By far the greater part of the stock of the milliners generally is made up of artificial birds. The dealers have not as yet been approached by the cattlemen in the matter, but they probably will be. They declare themselves willing to abide by the decisions of the courts in the matter and are awaiting with interest the results of the arrests made in other cities.

GERMAN WARSHIPS DESTROY THE FORT

Bombardment of San Carlos in Venezuela Completed Its Destruction.

Berlin, January 23.—(Special)—An official report states that the fort of San Carlos in Venezuela was destroyed by the bombardment of the German warships.

During the past decade Cain has made himself more conspicuous in criminal courts than any other man in the county. He has spent the greater part of the time behind jail, reformatory or penitentiary walls. The crimes for which he has been convicted have always been of the most vicious character. He has been a terror to local police and an air of unconsciousness is now resting over their heads. It is not due to his capabilities as a fighter that Cain has caused the worry to the police. It is simply because they never know just how to handle him. He is treacherous, and when an officer thinks he has him subdued and has no cause for close watching, he makes his attacks, generally striking from behind and with any dangerous implement that he can lay hands on.

AN INJURED ITALIAN BROUGHT TO THE CITY

Had Suffered Over a Week From Broken Bones Without Proper Attention.

Joseph Myers, an Italian who had been engaged on excavation work in West Virginia, near the Pennsylvania state line, was brought to the Thompson house last evening about 10 o'clock by the overseer of the gang to secure medical attendance. Later he was conveyed to the office of Dr. G. P. Ikert.

Upon examination his arm was found to be swollen to almost twice its natural size, badly lacerated and in-

DISMAL VIEW IS TAKEN BY A NOTED GEOLOGIST OF OHIO'S COAL SUPPLY

Prof. Edward Orton Predicts the Exhaustion of the Field and Consequent High Prices.

From a Staff Correspondent.

Columbus, January 23.—According to Prof. Edward Orton, dean of the engineering department at the Ohio State university, the coal situation in Ohio has a direful aspect. He says that on account of the enormous consumption of coal the coal fields of the state are slowly but surely becoming exhausted, and predicts that in time Ohio will become dependent upon other states for this kind of fuel. This condition will lead to exorbitant prices of fuel, which in his belief, can only be checked by limiting the powers and profits of private ownership by law.

State ownership of mines he regards as somewhat impracticable, as the owners would demand a fictitious consideration for their interests, which would burden the taxpayers with a heavy debt. A well known authority on coal matters residing in this city declared Prof. Orton's prediction to be well founded and gave it as his opinion that at the end of another half century Ohio would no longer be regarded as a coal producing state.

A Washington special says President Roosevelt may not be able to be present at the Ohio centennial anniversary celebration to be held at Chillicothe next May, for the reason that he has planned a western trip for that time.

Salem Case Appealed.

Lisbon, January 23.—(Special)—The case of Leonard J. Barber against Hamilton Howell has been appealed from Justice O. J. Asty's court in Salem. Suit was brought by Barber for \$44.02 with interest from November 1, 1902. This amount is alleged to be due for some hay sold to the defendant. In the justice's court the jury awarded the plaintiff \$44.57.

Bellair, January 23.—A shocking accident occurred last evening about 9 o'clock near Neff's siding, at Bellair, as a result of which Henry Dixon is dead, John Donovan seriously if not fatally injured, and Addison Keim badly bruised and cut. The men were struck by a freight train.

A NIGHT OF FEASTING AT THE ELKS' HOME

Social Session in Honor of District Deputy Metzger a Happy and Enjoyable Occasion.

BRILLIANT SPEECHES, TESTIMONIAL PRESENTED

True conviviality, good fellowship and brotherly love made the stag social given last night by East Liverpool Lodge No. 258, B. P. O. E., in its beautiful parlors on Washington street, one never to be forgotten and one that will be cherished in the memory of every Elk and invited guest present.

Seldom have as many representatives of the lodge assembled for an occasion of the kind. They had been informed of the pains taken and the hard work done for the purpose of making it surpass in every way previous sessions of the kind and turned out en masse. At an early hour in the evening the parlors presented an aspect of merriment and jolly fun. This did not cease until the early hours of the morning.

The committee on entertainment seated the vast assemblage at the festal board and for fully an hour the

refection was enjoyed. To the caterers, all of whom are members of the lodge, those present expressed gratification and commendable words for their efficiency.

The social was given in honor of Attorney L. P. Metzger, of Salem, the district deputy for the Northeastern Ohio district. Honor could scarcely have been bestowed upon a man more worthy or standing higher in the estimation of his fraternal brothers. It was with heartfelt pleasure that all of the speakers alluded to their guest. His appreciation of their esteem was shown in many ways.

At the close of the session congratulations were exchanged but such a feature could well have been eliminated. Every one was happy and not one doubted for a moment the true appreciation of all.

IT WILL BE A MODEL HIGHWAY

St. Clair Township About to Let Contracts for New Paved Road.

At the last election St. Clair township voted to issue bonds for the improvement of Calcutta road. At times in the year the condition of this road becomes almost impassable and it was deemed necessary that the road be paved. The improvement will be paid for by the township and it is expected that between \$20,000 and \$25,000 will be expended. Surveys have been made during the past week and at the present time plans and estimates for the improvement are being made.

After the completion of the plans and estimates of the cost the trustees will make an attempt to dispose of the bonds, and then work will be commenced immediately. It is the intention in paving this road to make it one of the best in the county. The road

will be leveled so that persons riding

wheels could even have no objections to the grade. There will be a number of deep cuts and big fills, and these will materially add to the cost of the construction of the improvement.

The trustees will look over the estimates now being prepared as soon as they are completed and when they are accepted will issue the bonds. The contracts for the work cannot be let till the money from the sale of the bonds is received. No chances will be taken, in order that the work on the road may be completed earlier, as was done across the river in Chester, and nothing will be done until the bonds are sold and paid for. The road will be only in St. Clair township and will be about a mile and a half in length.

The indebtedness for 1902 will be definitely settled.

The girl is rather pretty and about 20 years of age. With her sister she came from the vicinity of Parkersburg, W. Va., last March and has since resided in Toronto. McGillivray is about 45 years of age. He conducts a meat market near the Hotel Arlington owns property in Toronto and has always borne a good reputation. According to the girl's story she went to work as a domestic in the McGillivray home, adjoining the meat market, two weeks ago.

William McGillivray, a Toronto busi-

ness man, has been indicted by the grand jury at Steubenville for assault with criminal intent. The indictment was based on information furnished to the grand jury by Nettie Hoffman, a domestic in McGillivray's employ. Before the indictment was found McGillivray had disappeared. He is thought to be either in East Liverpool or Chester.

Miss Hoffman alleges that McGillivray came to her room at night when she and he were alone in the house. To escape from him after he had torn her clothing and treated her roughly and after the door had been locked she jumped out of a window and started for a neighbor. McGillivray overtook her, she says, and led her back to the house. He wanted her to go in with him, because she was in her bare feet and would catch cold. She replied that she would not return, even if not a door in town was open to her. Leaving him she went to John Dickens, a neighbor's, and stayed over night.

Mrs. McGillivray and two small children were visiting in this city at the time of the alleged occurrence, but are now at home.

McGillivray was last seen in Toronto last Tuesday. The same day he was at New Cumberland. The affair has caused much excitement in Toronto. As the offense is extraterritorial,

The wife alleged that on May 5, 1902 her husband was guilty of wanton and extreme cruelty toward her, knocking her down and threatening to kill her.

It was further charged that at various times prior to the date mentioned the husband was guilty of similar cruelty and was habitually drunk. Mrs. Woolley did not live with him after the occurrence last May, and has received no support from him though he received good wages.

Legal separation from Melvin Woolley was granted to Minnie A. Woolley, of East Liverpool, and the plaintiff's maiden name, Minnie Kays, was restored. They were married August 6, 1885, at East Liverpool. Only one child, now deceased, was born to them.

A NIGHT OF FEASTING AT THE ELKS' HOME

Social Session in Honor of District Deputy Metzger a Happy and Enjoyable Occasion.

BRILLIANT SPEECHES, TESTIMONIAL PRESENTED

True conviviality, good fellowship and brotherly love made the stag social given last night by East Liverpool Lodge No. 258, B. P. O. E., in its beautiful parlors on Washington street, one never to be forgotten and one that will be cherished in the memory of every Elks and invited guest present.

Seldom have as many representatives of the lodge assembled for an occasion of the kind. They had been informed of the pains taken and the hard work done for the purpose of making it surpass in every way previous sessions of the kind and turned out en masse. At an early hour in the evening the parlors presented an aspect of merriment and jolly fun. This did not cease until the early hours of the morning.

The committee on entertainment seated the vast assemblage at the festive board and for fully an hour the

IT WILL BE A MODEL HIGHWAY

St. Clair Township About to Let Contracts for New Paved Road.

At the last election St. Clair township voted to issue bonds for the improvement of Calcutta road. At times in the year the condition of this road becomes almost impassable and it was deemed necessary that the road be paved. The improvement will be paid for by the township and it is expected that between \$20,000 and \$25,000 will be expended. Surveys have been made during the past week and at the present time plans and estimates for the improvement are being made.

After the completion of the plans and estimates of the cost the trustees will make an attempt to dispose of the bonds, and then work will be commenced immediately. It is the intention in paving this road to make it one of the best in the county. The road

diligent search will be made for him.

THE TRACKLAYING HAS BEEN FINISHED

PLEASANT HEIGHTS STREET RAIL WAY SOON READY FOR USE.

A Good Job Done—Cars Expected to Be in Operation March 15.

The construction of the track for the Pleasant Heights extension of the East Liverpool street railway has been completed, and indications now point to an early completion of the road.

Contractor McSpadden has had his force of men constantly at work, rain or shine, ever since the contract was let late in the fall.

As a result, though the progress has been necessarily slow during extremely rough weather, the road bed has been put in with care and in a manner that makes it the very best in the city.

Every foot of the road is ballasted with broken sandstone, and the materials are all new and modern. The turnouts, or safety switches have been placed as the track was laid, and are so located as to make the line absolutely safe.

Linemen are now engaged in connecting up the rails by means of bands, and the overhead wiring is also under way.

The contractor and the parties employing him are confident that the road will be completed and in operation by the time limit, March 15.

OPTION TAKEN ON A LOCATION

Co-Operative Store Company Has a Conditional Bargain for Oppelt Store.

STOCKHOLDERS TO DECIDE

The Grocery Stock, if Purchased, Would Be Taken at an Appraised Valuation—The Site a Desirable One And Apparently Favored.

An option has been taken on the Fifth street grocery store of Edwin Oppelt by a committee representing the stockholders of the co-operative store. The purchase of the establishment will be recommended at the next meeting of the stockholders to be held February 2. It is understood that the stock and fixtures can be taken over at cost and if the option is favorably considered an inventory will be made.

Several other properties were considered by the committee but the one decided upon offered the greatest advantages. The store is large and will afford ample accommodations for an establishment on the scale proposed for the co-operative project. The central location is another advantage.

The committee could not find a vacant room in a desirable part of the city that would meet the demands and the only alternative was to secure an established business. The opportunity was a particularly advantageous one to those who were interested in locating the establishment, and the fact that the stock and fixtures could be secured at just what they invoice, could not be disregarded by the committee. A meeting was held this week, and it is understood the decision was made at that time.

While the business of Mr. Oppelt is an old one and long established, and that reason would be advantageous to an individual who was considering the opening of a store, this is not taken into consideration by the co-operative store people, since they will have their patronage insured as soon as the concern is ready for business, and will not be compelled to drum up a trade.

Mr. Oppelt, it is said, has been desirous of retiring from active business life for some time, as his health is not good.

NEW STILT WORKS.

Burgess & Co.'s new stilt factory at Third and Linton streets, Wellsville, which occupies the building known as the "old soap factory," is now nearly completed and will be ready for the manufacture of stilts to begin in a few days. The engines have been placed and have been given a test by Engineer Stafford. The new large iron stack has long since been raised into position by Anderson Bros., local contractors, and all of the additions to the plant are now completed. The new factory will give employment to a number of men and girls and is a step in the big boom for Wellsville. It will make supplies for the potteries of Wellsville and East Liverpool. The firm is an old and well established one, and its business has outgrown its small plant in East Liverpool.

WERE NOT PLEASED

The operatives of the National for the most part do not like the change of quarters. Many have found comfortable homes in the East End and some had purchased residence property convenient to their work. Then the old building was much more comfortable and pleasant than the present. As most all the operatives will be put to the expense of street car

fare and some of them will have to pay that of their help. In spite of these facts nearly every one will remain on the payroll of the company. A biscuit kiln was placed at the National yesterday and the dipping department started today. The glost men will start Monday.

NEW TANKS IN PLACE.

The new steel tank at the Smith & Phillips plant has been placed in position and is now supplying the water for all departments. The bottom of the tank is 42 feet above the ground and gives a strong pressure all over the building. The capacity is 437 barrels which is sufficient for protection in case of fire. It is considered a better supply by the insurance companies, however, as they have refused to insure some of the other East End plant dependent upon the city mains. The plant is running steadily now, though not in all departments in full.

HOUSES ARE SCARCE.

Quite a number of Steubenville girls work in the Chelsea and come up and go down on the trains every day, says the New Cumberland Independent. It is said Cumberland loses about half of the money paid out at the Chelsea on account of not having houses for the employees to occupy. Mr. Fowler, vice president of the Chelsea said some time ago they had arrangements to build two additional kilns for the plant, but gave it up because they had trouble to get workmen to operate what kilns they had, as there were no houses in Cumberland for them.

AT THE WEST END.

The old frame part of the West End pottery building has almost entirely disappeared, that now remaining being the small one story room occupied by a part of the dipping department. The new brick building affords ample quarters for the packing department which before had been badly cramped for lack of room. The four new decorative kilns are also in this building and two of them are now in use. The completion of the remainder of the new part has been greatly retarded by the cold weather and but little work has been done recently. The plant is now running steadily and almost full in all departments.

FLATTERING OUTLOOK.

The outlook at the Salineville pottery is most flattering now. A number of men are busy at the plant, and the interior assumes the aspect of a workshop. The machinery is all being tested, and if any defects occur later, it will not be because they have been overlooked at the beginning. General Manager C. H. Coxon is now at the plant, and the testing is under his watchful eye. He comes from Trenton, N. J., where he was employed by the Crescent Pottery company.

CLEANING THE PLANT.

A force of men has been put to work at the Leetonia pottery, cleaning up the plant and the citizens of that town are hopeful that the concern is about to resume. This is not the intention, however, as learned here this morning, the work is being done only to keep the plant in good shape.

AMONG THE POTTERS.

Mrs. Will Pollock is reported seriously ill.

Will Flickes, of the Thompson glost, is now working in the kiln shed at the West End.

Jacob Herman, one of the pressers at the Smith & Phillips, is reported seriously ill.

A baby boy arrived recently to gladden the home of Tom Camp, of the Edwin M. Knowles.

Cleveland Good, from Laughlin No. 1, is now batting out for Jerry Hester, at the Smith & Phillips.

George Goppert, the mould maker at the West End, was called from his work this week by the death of his mother, Mrs. Sophie Goppert, of Chester.

Ed King, the saggarmaker, will not move to the old Laughlin No. 1 building with the other operatives of the National. He will remain and enter

the employ of the Homer Laughlin China company.

Jack Croxall was sticking up for Lonnie Babb at the West End during the latter's brief absence from the pottery.

George McNeil, who took the jigger of the late Danny Gibson at the West End, has been sick for a couple of weeks. A few days ago he started again, but was not strong enough and was compelled to return to his home.

**Alliance Workman Victim of Injuries
That May Prove Fatal.**

Alliance, January 23.—Frank E. Piero, is in a dangerous condition in the city hospital, the result of frightful injuries received yesterday at the Transue & Williams shop. Mr. Piero has been employed as an assistant trimmer at the shops. He was at a trimming machine dressing some weder when he slipped and fell against the machine, both arms striking in the gear wheels and heavy belt.

The machine is so regulated as to be

in motion a certain length of time then stop. The gears caught the left arm at the hand and the right arm above the elbow. Mr. Piero cried loudly for help, but before assistance came the machine stopped itself, but not until the unfortunate man's neck was about to be taken in. The machine was reversed and the now mangled limbs were extricated.

The right arm was torn loose from the shoulder and badly mangled and the left arm crushed into a pulp to a few inches above the elbow. The right side was also terribly cut and bruised. The left arm was amputated above the elbow but the right arm was not taken off because the man could not undergo the operation at present. Dr. Tressel says that Mr. Piero is in a very dangerous condition. The unfortunate man was formerly employed at the Keplinger hotel.

WANTED IN STEUBENVILLE

Negro Who Nearly Killed Another Arrested By Washington (Pa.) Authorities.

Washington, Pa., January 23.—Local police officers made an important capture yesterday when Sam Jacobs, colored, was arrested for almost killing a man at Steubenville, O. Jacobs was taken out of a wagon as he was being smuggled through town.

Jacobs last Monday night with a club almost killed another negro, William Colley, at Steubenville, the two having had trouble over a girl. He came to West Alexander, this county, this morning and induced two men driving along the road in a wagon to hide him in the vehicle. Officers here were on the lookout for him and dragged out the negro. He admitted his guilt.

Canton W. C. T. U. Asks That the Feast On McKinley's Birthday Be Dry.

Canton, January 23.—The Women's Christian Temperance Union, of Canton, will send an appeal to the executive committee of the McKinley birthday banquet asking that the champagne and other wines be omitted from the menu. This action was determined upon at a special meeting of the union held Wednesday, and a committee was appointed to draw up the appeal.

Many of the women opposed the contemplated action and did not hesitate to say so. Mrs. Nancy Patton, the president of the W. C. T. U. favors the action of the society, as she thinks that the organization should take a firm stand upon all questions involving temperance, and she has taken the lead in the fight.

NEW STILT WORKS.

Burgess & Co's new stilt factory at Third and Lisbon streets, Wellsville, which occupies the building known as the "old soap factory," is now nearly completed and will be ready for the manufacture of stilts to begin in a few days. The engines have been placed and have been given a test by Engineer Stafford. The new large iron stack has long since been raised into position by Anderson Bros., local contractors, and all of the additions to the plant are now completed. The new factory will give employment to a number of men and girls and is a step in the big boom for Wellsville. It will make supplies for the potteries of Wellsville and East Liverpool. The firm is an old and well established one and its business has outgrown its small plant in East Liverpool.

WERE NOT PLEASED

The operatives of the National for the most part do not like the change of quarters. Many have found comfortable homes in the East End and some had purchased residence property convenient to their work. Then the old building was much more comfortable and pleasant than the present. SMOTHER A COUGH.

You can smother a cough with your hand but you can't cure it that way. Some medicines only smother coughs.

Scott's Emulsion cures them. Old coughs and deep-rooted coughs can't be cured until the inflammation which causes them has been replaced by healthy tissue.

That is exactly the kind of thorough work Scott's Emulsion does. It changes the entire nature of the throat and lungs so that there is nothing to cough about.

fare and some of them will have to pay that of their help. In spite of these facts nearly every one will remain on the payroll of the company. A biscuit kiln was placed at the National yesterday and the dipping department started today. The glost men will start Monday.

NEW TANKS IN PLACE.

The new steel tank at the Smith & Phillips plant has been placed in position and is now supplying the water for all departments. The bottom of the tank is 42 feet above the ground and gives a strong pressure all over the building. The capacity is 437 barrels which is sufficient for protection in case of fire. It is considered a better supply by the insurance companies, however, as they have refused to insure some of the other East End plant dependent upon the city mains. The plant is running steadily now, though not in all departments in full.

HOUSES ARE SCARCE.

Quite a number of Steubenville girls work in the Chelsea and come up and go down on the trains every day, says the New Cumberland Independent. It is said Cumberland loses about half of the money paid out at the Chelsea on account of not having houses for the employees to occupy.

Mr. Fowler, vice president of the Chelsea said some time ago they had arrangements to build two additional kilns for the plant, but gave it up because they had trouble to get workmen to operate what kilns they had, as there were no houses in Cumberland for them.

AT THE WEST END.

The old frame part of the West End pottery building has almost entirely disappeared, that now remaining being the small one story room occupied by a part of the dipping department. The new brick building affords ample quarters for the packing department which before had been badly cramped for lack of room. The four new decorative kilns are also in this building and two of them are now in use. The completion of the remainder of the new part has been greatly retarded by the cold weather and but little work has been done recently. The plant is now running steadily and almost full in all departments.

FLATTERING OUTLOOK.

The outlook at the Salineville pottery is most flattering now. A number of men are busy at the plant, and the interior assumes the aspect of a workshop. The machinery is all being tested, and if any defects occur later, it will not be because they have been overlooked in the beginning. General Manager C. H. Coxon is now at the plant, and the testing is under his watchful eye. He comes from Trenton, N. J., where he was employed by the Crescent Pottery company.

CLEANING THE PLANT.

A force of men has been put to work at the Leetonia pottery, cleaning up the plant and the citizens of that town are hopeful that the concern is about to resume. This is not the intention, however, as learned here this morning, the work is being done only to keep the plant in good shape.

AMONG THE POTTERS.

Mrs. Will Pollock is reported seriously ill.

Will Fickes, of the Thompson glost, is now working in the kiln shed at the West End.

Jacob Herman, one of the pressers at the Smith & Phillips, is reported seriously ill.

A baby boy arrived recently to gladen the home of Tom Camp, of the Edwin M. Knowles.

Cleveland Good, from Laughlin No. 1, is now batting out for Jerry Hester, at the Smith Phillips.

George Geppert, the mould maker at the West End, was called from his work this week by the death of his mother, Mrs. Sophie Geppert, of Chester.

Ed King, the saggermaker, will not move to the old Laughlin No. 1 building with the other operatives of the National. He will remain and enter

the employ of the Homer Laughlin China company.

Jack Croxall was sticking up for Lonie Babbs at the West End during the latter's brief absence from the pottery.

George McNicol, who took the jigger of the late Danny Gibson at the West End, has been sick for a couple of weeks. A few days ago he started again, but was not strong enough and was compelled to return to his home.

Alliance, January 23.—Frank E. Piero, in a dangerous condition in the city hospital, the result of frightful injuries received yesterday at the Transue & Williams shop. Mr. Piero has been employed as an assistant trimmer at the shops. He was at a trimming machine dressing some wedges when he slipped and fell against the machine, both arms striking in the gear wheels and heavy belt.

The machine is so regulated as to be in motion a certain length of time then stop. The gears caught the left arm at the hand and the right arm above the elbow. Mr. Piero cried loudly for help, but before assistance came the machine stopped itself, but not until the unfortunate man's neck was about to be taken in. The machine was reversed and the now mangled limbs were extricated.

The right arm was torn loose from the shoulder and badly mangled and the left arm crushed into a pulp to a few inches above the elbow. The right side was also terribly cut and bruised. The left arm was amputated above the elbow but the right arm was not taken off because the man could not undergo the operation at present. Dr. Tressel says that Mr. Piero is in a very dangerous condition. The unfortunate man was formerly employed at the Keplinger hotel.

Washington, Pa., January 23.—Local police officers made an important capture yesterday when Sam Jacobs, colored, was arrested for almost killing a man at Steubenville, O. Jacobs was taken out of a wagon as he was being dragged through town.

Jacobs last Monday night with a club almost killed another negro, William Colley, at Steubenville, the two having had trouble over a girl. He came to West Alexander, this county, this morning and induced two men driving along the road in a wagon to hide him in the vehicle. EAST END

POLITICS GETTING LIVELY

Candidates Devoting a Good Deal of Attention to the East End.

Almost every day witnesses a pilgrimage of one or more candidates for city offices to the East End. In that section of the city greater interest has already developed than in the balance of the city over the outcome of the spring primary. There being two candidates for mayor in the East End the rest of the candidates for that office are directing more than ordinary attention to the one Fifth ward in order that they may make a good showing there.

The candidates for the various other offices are not overlooking that section, and from now on the local campaign will grow in interest.

An Eloquent Sermon.

Rev. William Duncan preached an other eloquent sermon last night at the Second U. P. church in the East End. His subject was "Weighed and Wanting." Tonight he will preach on "Coming Into the Ark." These meetings will continue another week, but it is not known yet whether Rev. Mr. Duncan will be able to remain for the last week. Rev. Mr. Duncan will preach also on Sunday night. Large congregations are attending these meetings.

Great Interest Shown.

The meetings at the Erie street M. E. church are rapidly developing great interest. Last night Rev. G. W. Or- cutt, the pastor, preached an eloquent sermon and quite a number of persons went to the altar. Two conversions are reported. The meetings last winter at this church were very successful, and the prospects for another glorious revival this year are good.

Scalded Child in Serious State.

The condition of Little Flossie Connell, the 18-month-old daughter of Conductor Connell, of the East Liverpool street railway, who was seriously burned on the arms, neck and shoulder by spilling hot coffee a few days ago, is in a serious condition. The wounds are more serious than at first thought, and it will be some time before the little child recovers.

EAST END AFFAIRS.

Frank Chambers was a business visitor in Pittsburgh yesterday. Mrs. W. G. Calhoun, of Railroad street, is seriously ill with typhoid fever.

Miss Eva Woods, of Pittsburgh, is the guest of Mrs. Elizabeth Stipe, of Hale street.

The Oriental Camping club held an other meeting last night and made some of their plans for the summer outings.

Charles Pahr, of Pennsylvania avenue, is handing cigars to all his friends over the arrival of a nine-pound boy at his home last night.

A NIGHT OF FEASTING AT THE ELKS' HOME

Continued from First Page.

one of the charter members and past master of the lodge, acquitted himself in a manner more pleasing to all words can express. Vociferous applause followed his every effort. In rapturous voices his brothers displayed their great admiration for him. Witty and bubbling ever with sunbursts of eloquence, ever a word most fitting on the tip of the tongue, he made the hours flee like moments. Long have the members of the lodge looked up to him as a most worthy brother, as one of whom all were justly proud and in words of regard they have never been wanting, but it was decided before last night's session that a more expressive token of their kindly feeling should be awarded him. In consequence a committee was immediately chosen to select an Elk's charm to be presented during the evening. The selection was one of rare beauty. It was an elk's tooth mounted in gold and set with diamonds and opals.

The charm was delicately, but very neatly engraved. The front bore the inscription: "No. 258," while on the back was inscribed "Presented to W. E. Wells."

Jas. S. Hilbert was chosen to make the presentation speech. His words were well chosen. After voicing the sentiments of the lodge he very nicely broke the news. Though the recipient was almost stunned by the unexpected gift, he could not help forgetting for the moment the glee and devotion of his entire attention to the flow of beautiful language.

Mr. Hilbert said in part: "There has been no time when the guiding hand of good judgment has been needed in carrying forward to a successful issue such legislation as has been the prime factor in the life of this institution that we did not find our good friend and brother ever ready to respond with valued counsel and helping hands.

His never failed us at the festive board; yes, I am sure I but voice the most hearty sentiment of every one who is within the sound of my voice when I say, that no time have we been so edified and entertained as upon those precious occasions, when he has

been prevailed upon to favor us with a glimpse of his really bright mind connected as it were with his rare ability as a toastmaster, and there he is a higher testimony of truly manly virtue, than for me to say that this beloved brother has always made himself manifest by extending a helping hand to those in distress and being ever ready with words of comfort and sympathy, for those who have been under the dark shadow of sorrow?

Again I say, brothers, that I appreciate the honor you have done me this time, not only that you have made me your representative in extending the sentiment of love and good fellowship toward our beloved Brother Wells, but you have also constituted me the instrument in your hands by which a slightly substantial remembrance may be placed in his possession. Therefore, my friend an brother, I take great pleasure behalf of the officers and members of this, the East Liverpool Lodge B. F. O. E., of handing you this emblem which I assure you is not offered because of any special intrinsic worth but rather that you may have before you a token of our most earnest and lasting affection and regard for you, both as a Brother Elk, and a upright, manly man."

Mr. Wells, for the first time, in the evening, found himself at a loss for the response he longed to utter.

"I can only say, brothers, that truly appreciate your token of esteem I can not find words to express my feelings," said he, "and I will at our old and honored brother, the one to whom we all look with reverence Senator W. V. Blake, to extend my thanks."

The senator gallantly made the response. He made all feel glad that they were among the donors of the pretty emblem.

After the opening address delivered by the guest of honor, District Deputy L. P. Metzger, in which he paid his

The meetings at the Erie street M. E. church are rapidly developing great interest. Last night Rev. G. W. Orcutt, the pastor, preached an eloquent sermon and quite a number of persons went to the altar. Two conversions were reported. The meetings last winter at this church were very successful, and the prospects for another glorious revival this year are good.

FRIDAY, JANUARY 23, 1903.

The treaty between the United States and the government of Columbia, providing for the construction of the Panama canal, has been signed and there is now apparently nothing in the way of immediately beginning the construction of the great work. Discussion of an isthmian canal began more than a century ago, and for the last 40 years the project has been conspicuously before the public. Yet it is doubtful if decisive action would have yet been taken but for the expansion of the United States and the acquisition by this government of possessions in the West Indies and in the Philippines as the result of the Spanish-American war. There will be general and warm satisfaction that the long negotiations are completed and that the work can start as soon as Uncle Sam is ready. The whole world needs the canal, the United States most of all. A greater America and a more intimate relation between all of the countries on this continent will be one of the results of its building.

The United States government is experimenting with another system of wireless telegraphy, not Marconi's. The workings have been so successful that the navy department is preparing to install the system between the California coast and Hawaii, and from the latter to the Philippines. The latter range is extremely long, but the officers say it is simply a matter of more powerful currents, and promise communication between the United States and Manila within 18 months—at a cost of only \$182,000, including a station at Hong Kong. It looks as if the wireless system had come to stay.

Certain persons in Columbus have formed an anti-vaccination society and propose to resist the order of the health board that children must be vaccinated or kept out of school. In spite of the almost unanimously favorable testimony of the medical world, the old prejudice against vaccination keeps coming up, and of late years it has appeared stronger than ever. Most people, however, still prefer the dangers of vaccination to those of smallpox.

Judge Smalley, of Upper Sandusky, is out in a statement for John J. Lentz for the United States senate in case the next Ohio legislature is Democratic. The Toledo Blade approvingly remarks: "Good idea. Let the Democratic state convention endorse Lentz for the place and there will not be enough Democratic members in the general assembly to answer roll call."

Perhaps, after the kaiser's warships are through with their work of destruction in Venezuela, the German government will condescend to explain what excuse it has for its present warlike policy against a helpless people. Americans are not alone in the opinion that the bombardment of San Carlos is absolutely unwarranted.

There is one female member of the Utah legislature. She is Gentle and is at the head of the club women of that state and she voted for Smoot for United States senator. If she wanted to set all of the women of the country to talking about her, she has probably succeeded.

It takes an armed guard to keep the Colorado legislature in order while the election of a United States senator proceeds. Strenuous politics evidently did not die out in that state when "Bloody Bridies" Waite went out of office.

General Asa W. Jones will have more friends than ever in this section if he carries out his reported intention and builds the East Liverpool-Lisbon end of his railroad first.

The senatorial deadlocks in Delaware and Colorado are strengthening popular sentiment in favor of the common sense method of choosing senators by popular vote.

that the Republicans in Ohio are with our leadership. That 96,000 plurality last fall shows that they are able to worry along, however.

Senator Vest says tariff-smashing is the only issue. Nobody except Democrats has forgotten what happened when his party espoused that issue before.

As might be expected, Congressman Littlefield's anti-trust measure is a thorough piece of work.

OBITUARY

Mrs. Phoebe Landis.

Alliance, January 23—Miss Phoebe Landis, nee Williamson, died here Wednesday evening of cancer. She was born at Fairfield, Columbian county, January 22, 1858. In 1879 she was united in marriage to Wm. Landis and resided in Alliance ever since. Her husband died on Jan. 15, 1902. She was a devout member of the Presbyterian church and was a charter member of Hive No. 40, L. O. T. M., also of the D. of A. and D. of R. Her death ends the career of her family, as her husband and four children have gone before her. Her life was one of usefulness and kindness. She is survived by her parents, Mr. and Mrs. Mahlon Williamson, of Salem, and three sisters and one brother, Mrs. S. A. Gundersen, of Goschen; Mrs. Enos Zeigler, of Salem; Mrs. Addie Wilson, of Emon Valley, Pa., and George Williamson, of Indianapolis, Ind. Funeral services will be held Saturday afternoon at 11 o'clock from the house.

Mrs. Henry Herbert.

After several weeks of suffering, Mrs. Henry Herbert, of Erie street, died this morning about 11 o'clock. Mrs. Herbert was about 40 years of age and has had a complication of diseases which the family realized, in the past few days, would prove fatal. After suffering with typhoid fever she was seized with pneumonia, the result of the gas being off in the East End for a few hours. Since that time her condition has been very critical. She leaves a husband and eight children. The two oldest, a son and a daughter, are both married but the other children reside at home. The funeral services have not been arranged but will probably be held Sunday.

Louis Runyon.

Louis Runyon, aged 31 years, died this morning at 8:45 o'clock from typhoid fever after an illness of three weeks. The body will be taken to Cadiz, tomorrow where the funeral services will be held and interment made. Mr. Runyon was a slip maker at the Standard pottery and was highly respected and well liked. He was married about six months ago and his wife and a number of relatives at Cadiz survive him.

John Shields.

John Shields died at his home on Fourteenth street at 1 o'clock yesterday afternoon, aged 64 years. Mr. Shields had been in ill health for two years, but within the past week was attacked with catarrhal fever, to which he succumbed. Mr. Shields' wife, who has just recovered from a severe illness, survives. The funeral will be held from the home at 2 o'clock Saturday afternoon.

IMPORTED TOOTH BRUSHES

We are showing a line of 50¢ imported Tooth Brushes that are worth taking a sharp look at. It's all right to say that a 25¢ brush is "good enough," and it is a good brush, but when one person has used a 25¢ brush until it is clear worn out, and another person finds that his 50¢ brush is practically as good as new—besides having been nicer to use all the time, you can easily see why the price is 50¢. The value is all there, and more too. Let us show them to you.

FRIDAY, JANUARY 23, 1903.

The treaty between the United States and the government of Columbia, providing for the construction of the Panama canal, has been signed and there is now apparently nothing in the way of immediately beginning the construction of the great work. Discussion of an isthmian canal has been more than a century ago, and for the last 40 years the project has been conspicuously before the public. Yet it is doubtful if decisive action would have yet been taken but for the expansion of the United States and the acquirement by this government of possessions in the West Indies and in the Philippines as the result of the Spanish-American war. There will be general and warm satisfaction that the long negotiations are completed and that the work can start as soon as Uncle Sam is ready. The whole world needs the canal, the United States most of all. A greater America and a more intimate relation between all of the countries on this continent will be one of the results of its building.

The United States government is experimenting with another system of wireless telegraphy, not Marconi's. The workings have been so successful that the navy department is preparing to install the system between the California coast and Hawaii, and from the latter to the Philippines. The latter range is extremely long, but the officers say it is simply a matter of more powerful currents, and promise communication between the United States and Manila within 18 months—at a cost of only \$182,000, including a station at Hong Kong. It looks as if the wireless system had come to stay.

Certain persons in Columbus have formed an anti-vaccination society and propose to resist the order of the health board that children must be vaccinated or kept out of school. In spite of the almost unanimously favorable testimony of the medical world, the old prejudice against vaccination keeps coming up, and of late years it has appeared stronger than ever. Most people, however, still prefer the dangers of vaccination to those of smallpox.

Judge Smalley, of Upper Sandusky, is out in a statement for John J. Lentz for the United States senate in case the next Ohio legislature is Democratic. The Toledo Blade approvingly remarks: "Good idea. Let the Democratic state convention endorse Lentz for the place and there will not be enough Democratic members in the general assembly to answer roll call."

Perhaps, after the Kaiser's warships are through with their work of destruction in Venezuela, the German government will condescend to explain what excuse it has for its present warlike policy against a helpless people. Americans are not alone in the opinion that the bombardment of San Carlos is absolutely unwarranted.

There is one female member of the Utah legislature. She is a Gentle and is at the head of the club women of that state and she voted for Smoot for United States senator. If she wanted to set all of the women of the country to talking about her, she has probably succeeded.

It takes an armed guard to keep the Colorado legislature in order while the election of a United States senator proceeds. Strenuous politics evidently did not die out in that state when "Bloody Bridies" Waite went out of office.

General Asa W. Jones will have more friends than ever in this section if he carries out his reported intention and builds the East Liverpool-Lisbon end of his railroad first.

The senatorial deadlocks in Delaware and Colorado are strengthening popular sentiment in favor of the common sense method of choosing senators by popular vote.

that the Republicans in Ohio are without leadership. That 96,000 plurality last fall shows that they are able to worry along, however.

Senator Vest says tariff-smashing is the only issue. Nobody except Democrats has forgotten what happened when his party espoused that issue before.

As might be expected, Congressman Littlefield's anti-trust measure is a thorough piece of work.

OBITUARY

Mrs. Phoebe Landis.

Alliance, January 23—Miss Phoebe Landis, nee Williamson, died here Wednesday evening of cancer. She was born at Fairfield, Columbiana county, January 22, 1878. In 1879 she was united in marriage to Wm. Landis and resided in Alliance ever since. Her husband died on Jan. 15, 1902. She was a devout member of the Presbyterian church and was a charter member of Hive No. 49, L. O. T. M., also of the D. of A. and D. of R. Her death ends the career of her family, as her husband and four children have gone before her. Her life was one of usefulness and kindness. She is survived by her parents, Mr. and Mrs. Mahlon Williamson, of Salem, and three sisters and one brother, Mrs. S. A. Gundersen, of Goshen; Mrs. Enoch Zeigler, of Salem; Mrs. Addie Wilson, of Enon Valley, Pa., and George Williamson, of Indianapolis, Ind. Funeral services will be held Saturday afternoon at 11 o'clock from the house.

Mrs. Henry Herbert.

After several weeks of suffering, Mrs. Henry Herbert, of Erie street died this morning about 11 o'clock. Mrs. Herbert was about 40 years of age and had a complication of diseases which the family realized, in the past few days, would prove fatal. After suffering with typhoid fever she was seized with pneumonia, the result of the gas being off in the East End for a few hours. Since that time her condition has been very critical. She leaves a husband and eight children. The two oldest, a son and daughter, are both married but the other children reside at home. The funeral services have not been arranged but will probably be held Sunday.

Louis Runyon.

Louis Runyon, aged 31 years, died this morning at 8:45 o'clock from typhoid fever after an illness of three weeks. The body will be taken to Cadiz, tomorrow where the funeral services will be held and interment made. Mr. Runyon was a ship maker at the Standard pottery and was highly respected and well liked. He was married about six months ago and his wife and a number of relatives at Cadiz survive him.

John Shields.

John Shields died at his home on Fourteenth street at 1 o'clock yesterday afternoon, aged 64 years. Mr. Shields had been in ill health for two years, but within the past week was attacked with catarrhal fever, to which he succumbed. Mr. Shields' wife, who has just recovered from a severe illness, survives. The funeral will be held from the home at 2 o'clock Saturday afternoon.

IMPORTED TOOTH BRUSHES

We are showing a line of 50c imported Tooth Brushes that are worth taking a sharp look at. It's all right to say that a 25c brush is "good enough," and it is a good brush, but when one person has used a 25c brush until it is clear worn out, and another person finds that his 50c brush is practically as good as new—besides having been nicer to use all the time, you can easily see why the price is 50c. The value is all there, and more too. Let us show them to you.

Mrs. Johanna Soderholm, of Ferguson Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it back in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to bring her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by Alvin H. Bulger.

Government Inspector and Council Discuss the Postoffice Problem.

A LOT OF NEW MATERIAL

Is Desired For the Accommodation of the Mail-Handling Force—No Decision Reached On the Important Questions Raised.

At the special meeting of council held last evening for the purpose of arriving at some definite settlement of the difficulties existing between the postoffice and the city regarding the rent, all of the councilmen were present with the exception of President Whitacre and Mr. McClain.

Vice President Brennan called the meeting to order. The first topic discussed was that of the limit of time on the lease of the postoffice room. City Solicitor Boyd stated that the government postal inspector, E. M. Norris, who was present last evening, wanted a lease for five years. Councilman Auginbaugh seemed very much in favor of a ten-year lease.

A motion was made and seconded that council adjourn. Before the motion was passed the postal inspector tried to get council to authorize him to require new equipment desired by the inspector. Six hundred and twenty-four lock boxes, 600 small locks, 24 lock drawers, 141 additional small lock boxes, 244 call lock boxes, 1 roll top desk, five feet wide; 1 flat top desk side pedestal; 3 revolving chairs; 31 canopied chairs, 1 mailing case, 40 pigeon holes and slip box, 1 bag rack for six bags with mail case; 1 dumb table six feet long, 1 stamping table with mailing case, 1 cabinet file.

The matter may be brought up again at the next regular meeting of council.

The following list prepared by Mr. Norris and Postmaster Snowden was read by the clerk and given the required new equipment desired by the inspector.

Mr. A. E. Bowdler has moved his law office from the Harker Building to the Second Floor of the Potters' National Bank Building.

C. E. Rook, of Akron, is spending a few days visiting friends and relatives here.

I. O. O. F. Installation.

Iris Lodge, No. 25, I. O. O. F., held its regular lodge meeting last evening in the Odd Fellows' hall. The important action of the evening was the installation of the newly-elected officers of the lodge. The installation exercises were conducted by District Deputy Werner, of Hanover, who was a guest of the lodge. A large number of the members of the lodge were present and the meeting was also attended by several members of other lodges. The lodge at East Liverpool was well represented. All enjoyed a general good time.

New Era Club.

The members of the New Era club were very pleasantly entertained last evening at the home of Miss Grace Parke, on Main street. Their regular meeting night is Friday, but this week arrangements were made to hold the meeting Thursday evening. After the regular business meeting in which the lesson was discussed a social session was held and games and music were enjoyed. Light refreshments were served at late hour.

At Potters' Hall.

Fidelity Circle No. 43, P. H. C., held its regular meeting last evening in the Potters' hall, corner of Main and Ninth streets. Regular lodge business was transacted. One of the high officers of the lodge, P. H. White, of the East End, East Liverpool, was present at the meeting. Local union No. 462, Carpenters and Joiners, will occupy the same hall this evening for a regular weekly meeting.

An Italian Couple's Fight.

Carmen Bonita and his wife, Nellie two well known Italians, had a lively fist fight last night and attracted a great deal of attention. Officer Davis, as usual, when such doings are in progress, was not far away, and soon had both of the combatants in hand and took them to the station house. This morning Mayor Fogo fined them \$1.00 each, which was paid by friends and they were released.

Is Desired For the Accommodation of the Mail-Handling Force—No Decision Reached On the Important Questions Raised.

At the special meeting of council held last evening for the purpose of arriving at some definite settlement of the difficulties existing between the postoffice and the city regarding the rent, all of the councilmen were present with the exception of President Whiteacre and Mr. McClain.

Vice President Brennan called the meeting to order. The first topic discussed was that of the limit of time on the lease of the postoffice room. City Solicitor Boyd stated that the government postal inspector, E. M. Norris, who was present last evening, wanted a lease for five years. Council man Auchinbaugh seemed very much in favor of a ten-year lease.

The following list prepared by Mr. Norris and Postmaster Snowden was read by the clerk and given the required new equipment desired by the inspector: Six hundred and twenty-four lock boxes, 600 small locks, 24 lock drawers, 141 additional small lock boxes, 244 call lock boxes, 1 roll top desk, five feet wide; 1 flat top desk side pedestal; 3 revolving chairs; 3 can-seated chairs, 1 mailing case, 40 pigeon holes and slip box, 1 bag rack for six bags with mail case; 1 dumping table six feet long, 1 stamping table with mailing case, 1 cabinet fil!

ing case, 1 letter press stand, 2 cases for money orders, 1 bulletin board for lobby, 1 sign for office, gilt letters for window, wardrobe, four lockers; 2 supply closets; 2 wall desks for lobby; 1 water cooler and stand, 1 clock, modern toilet room, heating and lighting system, shades for windows. The present screens can be used with addition of postmaster's room and 141 lock boxes. The room already has the greater part of this equipment.

Councilman Brennan objected to council of the growth of the list of requirements since it was first presented to council. Councilman Weaver, after learning that the postoffice inspector wanted more room, seemed very strongly against allowing the water works office to be thrown out by the government or anyone else.

It was decided that that is what would have to be done in order for the postoffice to remain in the present room.

Councilman Henderson made a motion that the postoffice remain as it is.

The motion was seconded by Weaver, but when put to a vote was lost. Post office Inspector Norris said he would not accept any such action and said that the postoffice department would have to have more room on account of the rural free delivery.

Aughinbaugh made a motion that \$700 per year be accepted with additional room if the government pay \$600 for the room from last July. This motion was seconded by Shoub, but was also lost.

Weaver moved that the city not accept the proposition. The motion did not pass. Shoub moved that the proposition be accepted. The motion carried.

A motion was made and seconded that council adjourn. Before the motion was passed the postal inspector tried to get council to authorize the mayor and clerk to sign an agreement on the lease. The motion before the house shut the inspector off. Aughinbaugh and Henderson voted against adjournment, but the motion carried.

Norris left. He was heard to say that he was afraid it was all off with the city building as far as the postoffice was concerned.

The matter may be brought up again at the next regular meeting of council.

MYSTERIOUS STORY NOT YET SOLVED

ORIGIN OF RUMOR OF NOWLING'S DEATH UNEXPLAINED.

Stranger Called And Told the Wife He Heard And Telephoned the Report.

The mystery about the telephoning of Mrs. A. L. Nowling, of Chester, a couple of days ago when she was informed that her husband had been killed at Pittsburgh, is still unsolved. Yesterday afternoon it was thought for a short time that it would be unraveled, but later developments leave the motive for the telephone message in the dark. The telephone message was untrue, but the story was widely circulated throughout East Liverpool and Chester.

A man called at the Russell restaurant yesterday afternoon and asked to see Mrs. Nowling. Mrs. Russell was out and no one was there except Mrs. Nowling. She informed the caller that she was the person he wished to see. He then said that it was he who had called her by telephone and informed her that her husband was killed.

He said that he had heard the rumor, and being a friend of her husband had immediately told her. He had no intention of attempting to secure a meeting with her and had gone to Pittsburgh himself, he continued, to look after the remains.

Mrs. Nowling asked him a number of questions, she says, and he appeared to be anxious to get away and became slightly confused. He said that his name was Tolbert and that he was employed in one of the local potteries, and had done what he did for her own good, he thought, and did not have any idea of any harm arising from the message. He then departed and the motive for calling Mrs. Nowling was still a mystery, as much as ever, according to her view of the matter.

A physician was summoned and on examination it was found that a small bone in her leg had been fractured. The accident will confine her to the house for several weeks.

Spike Through His Foot.

G. S. Shaw, an employee of Samuel Jackson, in the Carson oil fields, was the victim of a serious accident a few days ago while working around one of the derricks in the oil fields. He jumped down from one of the scaffolds and struck on one of the large spikes in the lumber lying on the ground. The spike entered his foot and made a very painful wound. A physician dressed it as well as possible and he went to his home in Mechanicsburg. The wound will keep him from working for only a short time unless blood poison should result.

Mrs. Goppert's Funeral.

The funeral services of Mrs. Sophia Goppert, of lower Chester, who died Wednesday morning about 8 o'clock, will be held Sunday morning at 10 o'clock instead of Saturday as at first given out. The funeral services will be conducted at the house by Rev. J. G. Reinartz, of the St. John's Evangelical Lutheran church. Interment at Spring Grove cemetery.

TRIFLING WITH YOUR HEALTH

Is like Playing with a loaded Gun. If you have Kidney Trouble attend to it at once.

It is easy to tell whether your Kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—after standing a day and night, if it is pale or discolored,ropy or stringy, there is something wrong with the Kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia, Chronic Constipation, and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when passing urine.

The Rev. Henry P. Miller, pastor Baptist Church, Spartanburg, S. C., writes:

"For years I suffered with Kidney, liver and heart troubles, swimming in the head, dull headache and numbness of the limbs. Physicians prescribed for me and I took different medicines, but none of them did me any good. But Dr. David Kennedy's Favorite Remedy cured me in about two weeks."

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. *Sample bottle—enough for trial, free by mail.* Dr. David Kennedy, Rondout, N. Y.

REALM OF SPORTS**THE BARRIER CHAMPION LEFT \$100,000 ESTATE****Joe Goddard, Who Fought Many Battles, Finally Killed in a Political Row.**

Joe Goddard, the former "Barrier Champion" pugilist, who was shot during a political riot in Camden county, N. J., last summer, died in the Cooper hospital, Camden, a few days ago.

Goddard was attending the Republican primaries in Pensauken township in July last, when the opposing political factions clashed. The partisans started a wordy war, which grew into a riot, and continued until Robert Washington, a colored constable, shot Goddard through the head, which resulted finally in his death. Washington has been arrested on the charge of murder.

It is understood that Goddard left an estate worth more than \$100,000. Goddard was born in Prynall, a small town in the gold fields of New South Wales, Australia, in 1862. His father was an Englishman and his mother was Irish. Joe always claimed he came by his pugilistic tendencies by the maternal side of the house. He grew up and received his schooling in Prynall, and he often said that he believed the rugged forms of life in the gold field had much to do with shaping his career. Fighting was one of the diversions of the miners, and Joe took part in many a battle long before he thought of entering the ring. Goddard was early declared the "Barrier" champion of Australia, as he had defeated all comers. The name Barrier Champion was given him because Prynall, his birthplace, is situated at the foot of the Barrier range of mountains that sweep across the uplands of West Australia. Goddard's last fight was a six-round draw with George Cole at Philadelphia several months ago.

CUP DEFENDER**TAKING ON SHAPE**

Frames Being Set Rapidly And All May Be Within Place Within Ten Days.

At the present rate of setting the frames of the new cup defender it would not be surprising if all of them were in place within 10 days. The fastening of the stern post makes the craft look more like a yacht now than it did last week, says a dispatch from Bristol, R. I. The post was cast in two pieces and the sections joined together by the burning process. So well was the job accomplished that it would be difficult to determine where the joint was made.

The post is longer than the Constitution's, because of the overhang. One frame was set up on the after end of the boat yesterday, and half a dozen that were raised on Monday at the forward end of the yacht were con ned yesterday to the keel.

A carload of angle irons from the rolling mills in Pennsylvania have arrived by rail. These are to be used for frames for the new craft. The frames in the wake of the main mast which are now being connected to the keel, are of a little larger calibre than the other, the flanges being deeper.

MANY WILL WITNESS THE OPENING GAMES

To Be Played on the Campbell Alleys at Wellsville This Evening.

A short conference held yesterday afternoon by Captain Craig, of the East Liverpool bowling team, and Captain Shingler, of the Wellsville team, resulted in the arrangement for the playing of the first games of the series of five on the Wellsville alleys this evening.

The news will be received with delight by the bowling enthusiasts of the city, all having signified an unusual interest in the proposed games. It is expected that quite a crowd will accompany the local team to the neighboring city, and more than the ordinary amount of enthusiasm will doubtless be displayed.

SOCIETY OPPOSED**TO VACCINATION**

Organization Formed at Columbus to Fight the Compulsory Law.

Columbus, January 23.—A legal battle is to be waged against compulsory vaccination in Columbus. A society having for its purpose the testing of the constitutionality of such rule as prescribed by the board of health has been organized and has chosen Dr. C. S. Carr, president; L. A. Parrish, secretary, and Samuel F. Cohen, treasurer.

Anson's Ambition. Captain Alonzo Constantine Anson, of baseball fame, is a candidate for the nomination of city treasurer, of Chicago. "I've got a chance," he says. "The office has more attractions for me than the payment used to have in

my baseball days. I know the others who are after it are old and wise in the political game. But watch me. I'll throw 'em out at first. A hard fight is ahead of me. But that's all right. I'm used to hard fights. I have talked to Mayor Harrison, and he has given me encouragement."

Will Play Marietta.

The Y. M. C. A. basketball team left this morning for Marietta, where they will play the team of that city two games, tonight and tomorrow night. The team will line up as follows: Frank Allison and Bert Bloom, forwards; Dick Rigby, center; Fletcher Chadwick and Lou Watkins, guards. Chester Davis, substitute. Joseph Carey accompanied the team and will act as referee.

Feat Never Accomplished.

Mike Scanlon, an old Washington (D. C.) baseball magnate, taboos the story that Catcher Schreiber, of the old Anson team from Chicago, was successful in catching a ball thrown out of the Washington monument. Mr. Scanlon says the nearest the feat was accomplished was years ago, when Catcher Baker, of the old Nationals, made the attempt.

Peace in the Base Ball World.

All the contention of the New York and Brooklyn clubs embraced in the minority report were sidetracked in the final agreement reached between the leagues at Cincinnati, which insures the greatest season base ball has known since the good old days of '89, when the National league and American association lived and dwelt in unity.

Suicide the Verdict.

A San Francisco dispatch says: Suicide was the verdict of a coroner's jury in the case of Winnie Mercer, the ballplayer, who was asphyxiated at the foot of the Barrier range of mountains that sweep across the uplands of West Australia. Goddard's last fight was a six-round draw with George Cole at Philadelphia several months ago.

Governor Cummins has put his foot down on prize fighting in Iowa.

W. H. Clearwater and Grant Eby are matched to play a 600-point pool match for \$400, at Pittsburgh, January 27, 28, and 29.

Theodore Lane Bean, who was manager of the University of Pennsylvania football team in 1900 and 1901, has been nominated by the Republicans of the borough of Morristown, Pa., for Burgess.

Lewis M. Ballard died at Yonkers, N. Y., yesterday, after an illness of four months. Mr. Ballard was a member of the famous All-American rifle team, which in 1874, 1875 and 1876 defeated all comers at home and abroad.

WABASH INTERESTS WILL BE COMBINED**New Step in Plan of Gould System to Form Transcontinental Line.**

From Cleveland comes the report that the Wabash railroad, the Ann Arbor railroad and the Wheeling & Lake Erie, all Gould roads, will be forced into one large system and run as one road. The name of the new road is said to be the Pittsburg & Chicago Railroad company, and it is to have capital stock of \$200,000,000.

The deal is one of the largest which has been made for some time and is one which will be of importance from the fact that it will make a system large and strong enough to afford opposition to the eastern roads. The new system's mileage will aggregate 5,127 miles.

At the present time, although it is not generally known, the Wabash lines in the east are all operated and worked under one holding company.

The new road from Zanesville to Parkersburg, the Little Kanawha, the West Virginia Central and the Western Maryland are now operated by the Little Kanawha Holding company. This unites the eastern lines and the above junction of Gould roads unites the roads owned by these interests to St. Louis.

The western roads are to be united which will help out the plan of uniting all the roads of the country owned by the Goulds into a transcontinental system.

**Fainted On Broadway****Woman in an Unconscious Condition Found on Sidewalk.****Upon Examination at the Hospital, Her Body was Discovered to be Covered with Scars, Caused by the Hypodermic Injection of Morphine—Facts Published as Warning to Other Women.**

The above headlines recite the actual experience of a poor wreck of a woman who had once held an honorable and lucrative position in a large mercantile house in New York. Her health began to fail, and instead of taking rest and proper medical treatment she resorted to stimulants and morphine.

"After trying different remedies with no relief I was induced to try Lydia E. Pinkham's Vegetable Compound. To my surprise and delight I found after taking my first bottle very great improvement. I continued its use and it has made me a well woman.

The hospital physician discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages. If when she had first felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had heeded the warning that serious trouble was in store, and commenced a regular treatment with the Pinkham Remedies, as did Mrs. Rober of Chicago, whose letter follows, the polypus in the womb would have dissolved and passed away, and to-day she would have been a well woman.

Why will women let themselves drift along into terrible suffering and sickness in this way, when there is monumental proof that Lydia E. Pinkham's Vegetable Compound is daily relieving thousands of women from this very trouble? There is no excuse for any woman who suffers to go without help. Mrs. Pinkham is very glad indeed to give her personal advice to any one who will write for it, and the following letter simply goes to prove that the Vegetable Compound will positively cure female ills:

"Since the birth of my baby I suffered from womb trouble, backache, irregular menstruation, also intense nervousness.

To my surprise and delight I found after taking my first bottle very great improvement. I continued its use and it has made me a well woman.

The hospital physician discovered that their children had been sent from school because they were not vaccinated.

Health Officer Smith with Drs. C. A. Howell, S. O. Griffin and William F. Bay, were present. Dr. Smith explained his position. He was pained with numerous questions, one man asking him if he would guarantee his children from harm if the parents allowed them to be vaccinated.

"I certainly will, if you will allow me to examine the serum used," answered the doctor. Dr. Smith said there were but two classes of people who should not be vaccinated—those who are dead and those who have had smallpox.

The discussion of the matter disclosed that those present opposed to compulsory vaccination are in favor of establishing a private school for children who have not been vaccinated.

Judge M. B. Earnhart, attorney for the citizens organized to oppose the vaccination order of the board of health to the pupils of the public schools, has prepared the petition in

utes which give the health authorities the right to order vaccination and quarantine.

Thirty-four of those present stated that their children had been sent from school because they were not vaccinated.

THIS IS A FACT

There is No Question About It. It's a Plain Statement of Facts—Made By An East Liverpool Citizen.

Mrs. Margaret Tracy, of No. 175 Seventh street, East Liverpool, Ohio, says: "One of my family was very nervous and subject to nervous spells—weak and miserable—could not sleep and the digestion was very poor. I asked the invalid to take Dr. A. W. Chase's Nerve Pills I got at Larkins' Drug Store. The result was splendid—the medicine built her up—enriched the blood—made the nerves strong—gave restful sleep and so strengthened the stomach that digestion is perfect—the old time languid, played out feeling has given place to one of strength and energy and as a result we are more than pleased with the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50¢ a box at dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. See that portrait and signature of Dr. A. W. Chase, M. D., are on every package.

There were about 100 persons present, among them being a number of women at the meeting. Attorney M. A. Earnhart stated that the teachers of the schools, the physicians and the board of health are acting in accordance with the law and quoted the star

mandates to compel the board of health to admit unvaccinated children at the schools.

my baseball days. I know the others who are after it are old and wise in the political game. But watch me, I'll throw 'em out at first. A hard fight is ahead of me. But that's all right. I used to hard fights. I have talked to Mayor Harrison, and he has given me encouragement."

Will Play Marietta.

The Y. M. C. A. basketball team left this morning for Marietta, where they will play the team of that city two games, tonight and tomorrow night. The team will line up as follows: Frank Allison and Bert Bloor, forwards; Dick Rigby, center; Fletcher Chadwick and Lou Watkins, guards; Chester Davis, substitute. Joseph Carey accompanied the team and will act as referee.

Feat Never Accomplished.

Mike Scanlon, an old Washington (D. C.) baseball magnate, tabooed the story that Catcher Schreiber, of the old Anson team from Chicago, was successful in catching a ball thrown out of the Washington monument. Mr. Scanlon says the nearest the feat was accomplished was years ago, when Catcher Baker, of the old Nationals, made the attempt.

Peace in the Base Ball World.

All the contention of the New York and Brooklyn clubs embraced in the minority report were sidetracked in the final agreement reached between the leagues at Cincinnati, which insures the greatest season base ball has known since the good old days of '84, when the National league and American association lived and dwelt in unity.

Suicide the Verdict.

A San Francisco dispatch says: Suicide was the verdict of a coroner's jury in the case of Winnie Mercer, the ballplayer, who was asphyxiated at the Occidental hotel, on January 12.

SPORTING MISCELLANY.

Governor Cummins has put his foot down on prize fighting in Iowa.

W. H. Clearwater and Grant Eby are matched to play a 600-point pool match for \$400, at Pittsburg, January 27, 28, and 29.

Theodore Lane Bean, who was manager of the University of Pennsylvania football team in 1890 and 1901, has been nominated by the Republicans of the borough of Morristown, Pa., for burgess.

Lewis M. Ballard died at Yonkers, N. Y., yesterday, after an illness of four months. Mr. Ballard was a member of the famous All-American rifle team, which in 1874, 1875 and 1876 defeated all comers at home and abroad.

WABASH INTERESTS WILL BE COMBINED

New Step in Plan of Gould System to Form Transcontinental Line.

From Cleveland comes the report that the Wabash railroad, the Ann Arbor railroad and the Wheeling & Lake Erie, all Gould roads, will be forced into one large system and run as one road. The name of the new road is said to be the Pittsburgh & Chicago Railroad company, and it is to have capital stock of \$200,000,000.

The deal is one of the largest which has been made for some time and is one which will be of importance from the fact that it will make a system large and strong enough to afford opposition to the eastern roads. The new system's mileage will aggregate 5,127 miles.

At the present time, although it is not generally known, the Wabash lines in the east are all operated and worked under one holding company.

The new road from Zanesville to Parkersburg, the Little Kanawha, the West Virginia Central and the Western Maryland are now operated by the Little Kanawha Holding company. This unites the eastern lines and the above junction of Gould roads unites the roads owned by these interests to St. Louis.

The western roads are to be united which will help out the plan of uniting all the roads of the country owned by the Goulds into a transcontinental system.

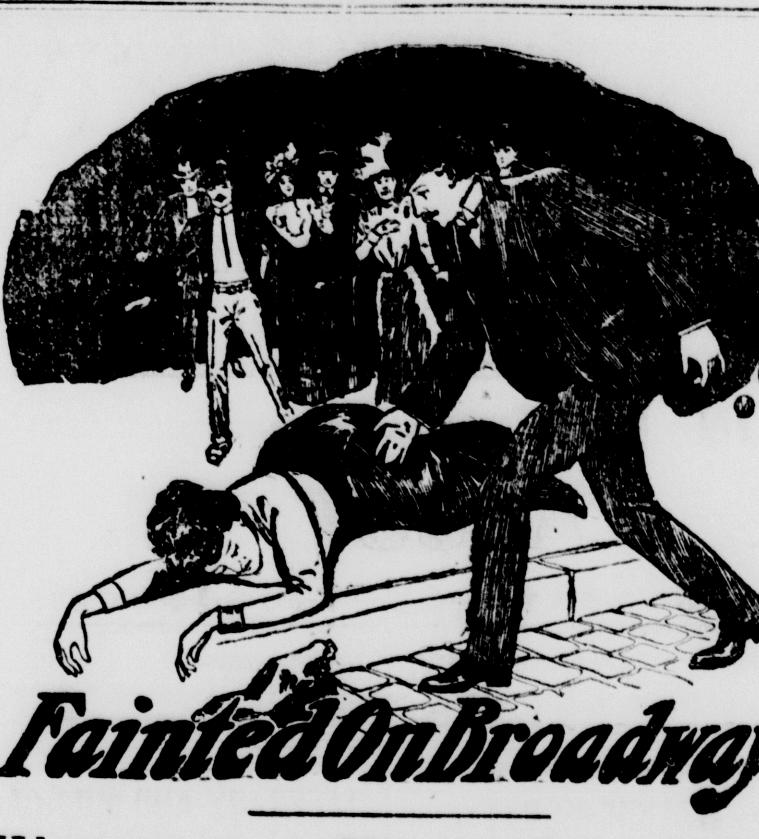

Calls Checkers Wicked.

Rev. J. R. Daniels, of Ocean Grove, objects to checkers. Some of the Methodist brethren in the Camp Meeting city have joined a checker club, and they play every night in a tournament that threatens to last all winter. At a prayer meeting in St. Paul's church, Rev. M. J. Daniels asked for prayers not only for the checker players, but also for bowling Methodists, who are holding a star league in Asbury park.

Anson's Ambition. Captain Adrian Constantine Anson, of baseball fame, is a candidate for the nomination of city treasurer of Chicago. "I've got a chance," he says. "The office has more attractions for me than the payment used to have in

my baseball days. I know the others who are after it are old and wise in the political game. But watch me, I'll throw 'em out at first. A hard fight is ahead of me. But that's all right. I used to hard fights. I have talked to Mayor Harrison, and he has given me encouragement."

There were about 100 persons present, among them being a number of women at the meeting. Attorney M. A. Earnhardt stated that the teachers of the schools, the physicians and the board of health are acting in accordance with the law and quoted the stat-

"After trying different remedies with no relief I was induced to try Lydia E. Pinkham's Vegetable Compound. To my surprise and delight I found after taking my first bottle very great improvement. I continued its use and it has made me a well woman.

The hospital physician discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages. If when she had first felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had headed the warning that serious trouble was in store, and commenced a regular treatment with the Pinkham Remedies, as did Mrs. Rober of Chicago, whose letter follows, the polyposis in the womb would have been dissolved and passed away, and to-day she would have been a well woman.

Why will women let themselves drift along into terrible suffering and sickness in this way, when there is monumental proof that Lydia E. Pinkham's Vegetable Compound is daily relieving thousands of women from this very trouble? There is no excuse for any woman who suffers to go without help. Mrs. Pinkham is very glad indeed to give her personal advice to any one who will write for it, and the following letter simply goes to prove that the Vegetable Compound will positively cure female ills:

"Since the birth of my baby I suffered from womb trouble, backache, utes which give the health authorities the right to order vaccination and quarantine.

Thirty-four of those present stated that their children had been sent from school because they were not vaccinated.

Health Officer Smith with Drs. C. A. Howell, S. O. Griffin and William E. Bay, were present. Dr. Smith explained his position. He was pained with numerous questions, one man asking him if he would guarantee his children from harm if the parents allowed them to be vaccinated.

"I certainly will, if you will allow me to examine the serum used," answered the doctor. Dr. Smith said there were but two classes of people who should not be vaccinated—those who are dead and those who have had smallpox.

The discussion of the matter disclosed that those present opposed to compulsory vaccination are in favor of establishing a private school for children who have not been vaccinated. Judge M. B. Earnhardt, attorney for the citizens organized to oppose the vaccination order of the board of health to the pupils of the public schools, has prepared the petition in

20TH YEAR. NO. 19.

EAST LIVERPOOL, O., FRIDAY, JANUARY 23, 1903.

TWO CENTS.

A NIGHT OF FEASTING AT THE ELKS' HOME

Social Session in Honor of District Deputy Metzger a Happy and Enjoyable Occasion.

BRILLIANT SPEECHES, TESTIMONIAL PRESENTED

True conviviality, good fellowship and brotherly love made the stag social given last night by East Liverpool Lodge No. 258, B. P. O. E., in its beautiful parlors on Washington street, one never to be forgotten and one that will be cherished in the memory of every Elk and invited guest present.

Seldom have as many representatives of the lodge assembled for an occasion of the kind. They had been informed of the pains taken and the hard work done for the purpose of making it surpass in every way previous sessions of the kind and turned out en masse. At an early hour in the evening the pharos' presented an aspect of merriment and jolly fun. This did not cease until the early hours of the morning.

The committee on entertainment seated the vast assemblage at the festive board and for fully an hour the

refection was enjoyed. To the caterers, all of whom are members of the lodge those present expressed gratification and commendable words for their efficiency.

The social was given in honor of Attorney L. P. Metzger, of Salem, the district deputy for the Northeastern Ohio district. Honor could scarcely have been bestowed upon a man more worthy or standing higher in the estimation of his fraternal brothers. It was with heartfelt pleasure that all of the speakers alluded to their guest. His appreciation of their esteem was shown in many ways.

At the close of the session congratulations were exchanged but such a feature could well have been eliminated. Every one was happy and not one doubted for a moment the true appreciation of all.

IT WILL BE A MODEL HIGHWAY

St. Clair Township About to Let Contracts for New Paved Road.

At the last election St. Clair township voted to issue bonds for the improvement of Calcutta road. At times in the year the condition of this road becomes almost impassable and it was deemed necessary that the road be paved. The improvement will be paid for by the township and it is expected that between \$20,000 and \$25,000 will be expended. Surveys have been made during the past week and at the present time plans and estimates for the improvement are being made.

After the completion of the plans and estimates of the cost the trustees will make an attempt to dispose of the bonds, and then work will be commenced immediately. It is the intention in paving this road to make it one of the best in the county. The road

will be leveled so that persons riding wheels could even have no objections to the grade. There will be a number of deep cuts and big fills, and these will materially add to the cost of the construction of the improvement.

The trustees will look over the estimates now being prepared as soon as they are completed and when they are accepted will issue the bonds. The contracts for the work cannot be let till the money from the sale of the bonds is received. No chances will be taken, in order that the work on the road may be completed earlier, as was done across the river in Chester, and nothing will be done until the bonds are sold and paid for. The road will be only in St. Clair township and will be about a mile and a half in length.

diligent search will be made for him. The girl is rather pretty and about 20 years of age. With her sister she came from the vicinity of Parkersburg, W. Va., last March and has since resided in Toronto. McGillivray is about 45 years of age. He conducts a meat market near the Hotel Arlington owns property in Toronto and has always borne a good reputation. According to the girl's story she went to work as a domestic in the McGillivray home, adjoining the meat market, two weeks ago.

THE TRACKLAYING HAS BEEN FINISHED

PLEASANT HEIGHTS STREET RAILWAY SOON READY FOR USE.

A Good Job Done—Cars Expected to Be In Operation March 15.

The construction of the track for the Pleasant Heights extension of the East Liverpool street railway has been completed, and indications now point to an early completion of the road.

Contractor McSpadden has had his force of men constantly at work, rain or shine, ever since the contract was let late in the fall.

As a result, though the progress has been necessarily slow during extremely rough weather, the road bed has been put in with care and in a manner that makes it the very best in the city.

Every foot of the road is ballasted with broken sandstone, and the materials are all new and modern. The turnouts, or safety switches have been placed as the track was laid, and are so located as to make the line absolutely safe.

Linemen are now engaged in connecting up the rails by means of bands, and the overhead wiring is also under way.

The contractor and the parties employing him are confident that the road will be completed and in operation by the time limit, March 15.

ON THE ELECTION OF A SCHOOL BOARD

ATTORNEY GENERAL SHEETS' RE-PORTED DECISION.

Under It There Would Be No Election for School Officers in This City This Year.

An unconfirmed report from Lisbon this morning stated that Attorney General Sheets had rendered a decision, at the request of State School Commissioner Bonebrake, on the question of holding elections in the spring for members of the board of education and board of assessors.

Attorney W. B. Hill, clerk of the board of education, when interviewed, stated that he had received no information on the question. It is a most important one and much will depend on the attorney general's conclusions. If the report from Lisbon be true there will be no election in the spring, the attorney general holding that the members now serving shall hold their seats until action is taken by the legislature.

A remarkable feature in East Liverpool is that if the legislature commands the elections to be held after the manner provided by the code for the election of councilmen there will be absolutely no change that can result. The code bearing on the councilmanic election provides that one member from each ward and three members at large shall be elected. The present board of education is so made up there being a member from each of the four wards designated by council and three at large.

LOCAL MILLINERS NOT ALARMED

The Crusade of State Game Warden Not Allowed to Interfere With Their Business.

East Liverpool merchants engaged in the millinery trade do not seem to be at all worried over the recent revival of the crusade by the state game warden.

Several stores have on hand supplies of the prohibited birds, and their sales merrily go on wherever an opportunity offers. As a rule, the law is considered as being rather a good joke than a proposition to be seriously considered as affecting their business.

The Millinery Merchants' Protective association recently sent out circulars to the local milliners informing them that the law merely referred to gulls sea-pigeons, herons, terns and grebes and was exclusive of all such birds as the crow, hawk, English sparrow crane, raven, common blackbird and kingfisher. The circular letter also advises the merchants to communicate with the head office of the association if they are "annoyed" by game warden relative to this matter.

By far the greater part of the stock of the milliners generally is made up of artificial birds. The dealers have not as yet been approached by the gamewardens in the matter, but they probably will be. They declare themselves willing to abide by the decisions of the courts in the matter and are awaiting with interest the results of the arrests made in other cities.

NEW STILT WORKS.

Burgess & Co.'s new stilt factory at Third and Lisbon streets, Wellsville, which occupies the building known as the "old soap factory," is now nearly completed and will be ready for the manufacture of stilts to begin in a few days. The engines have been placed and have been given a test by Engineer Stafford. The new large iron stack has long since been raised into position by Anderson Bros., local contractors, and all of the additions to the plant are now completed. The new factory will give employment to a number of men and girls and is a step in the big boom for Wellsville. It will make supplies for the potteries of Wellsville and East Liverpool. The firm is an old and well established one and its business has outgrown its small plant in East Liverpool.

WERE NOT PLEASED

The operatives of the National for the most part do not like the change of quarters. Many have found comfortable homes in the East End and some had purchased residence property convenient to their work. Then the old building was much more comfortable and pleasant than the present. fare and some of them will have to pay that of their help. In spite of these facts nearly every one will remain on the payroll of the company. A bisquit kiln was placed at the National yesterday and the dipping department started today. The glost men will start Monday.

NEW TANKS IN PLACE.

The new steel tank at the Smith & Phillips plant has been placed in position and is now supplying the water for all departments. The bottom of the tank is 42 feet above the ground and gives a strong pressure all over the building. The capacity is 437 barrels which is sufficient for protection in case of fire. It is considered a better supply by the insurance companies, however, as they have refused to reinsure some of the other East End plant dependent upon the city mains. The plant is running steadily now, though not in all departments in full.

HOUSES ARE SCARCE.

Quite a number of Steubenville girls work in the Chelsea and come up and go down on the trains every day, says the New Cumberland Independent. It is said Cumberland loses

about half of the money paid out at the Chelsea on account of not having houses for the employees to occupy.

Mr. Fowler, vice president of the Chelsea said some time ago they had arrangements to build two additional kilns for the plant, but gave it up because they had trouble to get workmen to operate what kilns they had, as there were no houses in Cumberland for them.

AT THE WEST END.

The old frame part of the West End pottery building has almost entirely disappeared, that now remaining being the small one story room occupied by a part of the dipping department. The new brick building affords ample quarters for the packing department which before had been badly cramped for lack of room. The four new decorative kilns are also in this building and two of them are now in use. The completion of the remainder of the new part has been greatly retarded by the cold weather and but little work has been done recently. The plant is now running steadily and almost full in all departments.

FLATTERING OUTLOOK.

The outlook at the Salineville pottery is most flattering now. A number of men are busy at the plant, and the interior assumes the aspect of a workshop. The machinery is all being tested, and if any defects occur later, it will not be because they have been overlooked in the beginning. General Manager C. H. Coxon is now at the plant, and the testing is under his watchful eye. He comes from Trenton, N. J., where he was employed by the Crescent Pottery company.

CLEANING THE PLANT.

A force of men has been put to work at the Leetonia pottery, cleaning up the plant and the citizens of that town are hopeful that the concern is about to resume. This is not the intention, however, as learned here this morning, the work is being done only to keep the plant in good shape.

AMONG THE POTTERS.

Mrs. Will Pollock is reported seriously ill. Will Fickes, of the Thompson glost, is now working in the kiln shed at the West End.

Jacob Herman, one of the pressers at the Smith & Phillips, is reported seriously ill.

A baby boy arrived recently to gladen the home of Tom Camp, of the Edwin M. Knowles.

Cleveland Good, from Laughlin No. 1, is now batting out for Jerry Hester, at the Smith & Phillips.

George Geppert, the mould maker at the West End, was called from work this week by the death of his mother, Mrs. Sophie Geppert, of Chester.

Ed King, the saggerbaker, will not move to the old Laughlin No. 1 building with the other operatives of the National. He will remain and enter

the employ of the Homer Laughlin China company.

Jack Croxall was sticking-up for Lonie Babb at the West End during the latter's brief absence from the pottery.

George McNicol, who took the jigger of the late Danny Gibson at the West End, has been sick for a couple of weeks. A few days ago he started again, but was not strong enough and was compelled to return to his home.

**HORRIBLY MANCLED
IN A MACHINE**

Alliance Workman Victim of Injuries
That May Prove Fatal.

Alliance, January 23.—Frank E. Piero, is in a dangerous condition in the city hospital, the result of frightful injuries received yesterday at the Transue & Williams shop. Mr. Piero has been employed as an assistant trimmer at the shops. He was at a trimming machine dressing some wedges when he slipped and fell against the machine, both arms striking in the gear wheels and heavy belt.

The machine is so regulated as to be in motion a certain length of time then stops. The gears caught the left arm at the hand and the right arm above the elbow. Mr. Piero cried loudly for help, but before assistance came the machine stopped itself, but not until the unfortunate man's neck was about to be taken in. The machine was reversed and the now mangled limbs were extricated.

The right arm was torn loose from the shoulder and badly mangled and the left arm crushed into a pulp to a few inches above the elbow. The right side was also terribly cut and bruised. The left arm was amputated above the elbow but the right arm was not taken off because the man could not undergo the operation at present. Dr. Tressel says that Mr. Piero is in a very dangerous condition. The unfortunate man was formerly employed at the Keplinger hotel.

Washington, Pa., January 23.—Local police officers made an important capture yesterday when Sam Jacobs, colored, was arrested for almost killing a man at Steubenville, O. Jacobs was taken out of a wagon as he was being smuggled through town.

Jacobs last Monday night with a club almost killed another negro, William Colley, at Steubenville, the two having had trouble over a girl. He came to West Alexander, this county, this morning and induced two men driving along the road in a wagon to hide him in the vehicle. Officers here were on the lookout for him and dragged out the negro. He admitted his guilt.

Canton, January 23.—The Women's Christian Temperance Union, of Canton, will send an appeal to the executive committee of the McKinley birthday banquet asking that the champagne and other wines be omitted from the menu. This action was determined upon at a special meeting of the union held Wednesday, and a committee was appointed to draw up the appeal.

Many of the women opposed the contemplated action and did not hesitate to say so. Mrs. Nancy Patton, the president of the W. C. T. EAST END

POLITICS GETTING LIVELY

Candidates Devoting a Good Deal of Attention to the East End.

Almost every day witnesses a pilgrimage of one or more candidates for office to the East End. In that section of the city greater interest has already developed than in the balance of the city over the outcome of the spring primary. There being two candidates for mayor in the East End the rest of the candidates for that office are directing more than ordinary attention to the old Fifth ward in order that they may make a good showing there.

The candidates for the various other offices are not overlooking that section, and from now on the local campaign will grow in interest.

An Eloquent Sermon.

Rev. William Duncan preached another eloquent sermon last night at the Second U. P. church in the East End. His subject was "Weighed and Wanting." Tonight he will preach on "Coming Into the Ark." These meetings will continue another week, but it is not known yet whether Rev. Mr. Duncan will be able to remain for the last week. Rev. Mr. Duncan will preach also on Sunday night. Large congregations are attending these meetings.

Great Interest Shown.

The meetings at the Erie street M. E. church are rapidly developing great interest. Last night Rev. G. W. Orcutt, the pastor, preached an eloquent sermon and quite a number of persons went to the altar. Two conversions are reported. The meetings last winter at this church were very successful, and the prospects for another glorious revival this year are good.

Scalded Child in Serious State.

The condition of Little Flossie Connell, the 18-months-old daughter of Conductor Connell, of the East Liverpool street railway, who was seriously burned on the arms, neck and shoulder by spilling hot coffee a few days ago, is in a serious condition. The wounds are more serious than at first thought, and it will be some time before the child recovers.

A NIGHT OF FEASTING
AT THE ELKS' HOME

Continued from First Page.

one of the charter members and past ruler of the lodge, acquitted himself in a manner more pleasing to all than words can express. Vocaliferous applause followed his every effort. In rapturous voices his brothers displayed their great admiration for him.

Witty and bubbling ever with sunbursts of eloquence, ever a word most fitting on the tip of the tongue, he made the hours flee like moments. Long have the members of the lodge looked up to him as a most worthy brother, as one of whom all were justly proud and in words of regard they have never been wanting, but it was decided before last night's session that a more expressive token of their kindly feeling should be awarded him. In consequence a committee was immediately chosen to select an Elk's charm to be presented during the evening. The selection was one of rare beauty. It was an elk's tooth mounted in gold and set with diamonds and opals.

The charm was delicately, but very neatly engraved. The front bore the inscription: "No. 258," while on the back was inscribed "Presented to W. E. Wells."

Jas. S. Hilbert was chosen to make the presentation speech. His words were well chosen. After voicing the sentiments of the lodge he very nicely broke the news. Though the recipient was almost stunned by the unexpected gift, he could not help forgetting for the moment the gem and devoting his entire attention to the flow of beautiful language.

Mr. Hilbert said in part: "There has been no time when the guiding hand of good judgment has been needed in carrying forward to a successful issue such legislation as has been the prime factor in the life of this institution that we did not find our good friend and brother ever ready to respond with valued counsel and helping hands."

He has never failed us at the festive board; yes, I am sure I but voice the most hearty sentiment of every one who is within the sound of my voice when I say, that no time have we been so edified and entertained as upon those precious occasions, when he has been prevailed upon to favor us with a glimpse of his really bright mind connected as it were with his rare ability as a toastmaster, and can there be a higher testimony of truly manly virtue, than for me to say that this beloved brother has always manifested himself by extending a helping hand to those in distress and being ever ready with words of comfort and sympathy, for those who have been under the dark shadow of sorrow?

"Again I say, brothers, that I appreciate the honor you have done me; this time, not only that you have made me your representative in extending the sentiment of love and good fellowship toward our beloved Brother Wells, but that you may have also constituted me the instrument in your hands by which a slightly substantial remembrance may be placed in his possession. Therefore, my friend and brother, I take great pleasure in behalf of the officers and members of this, the East Liverpool Lodge B. I. O. E., of handing you this emblem which I assure you is not offered because of any special intrinsic worth but rather that you may have ever before you a token of our most earnest and lasting affection and regard for you, both as a Brother Elk, and a upright, manly man."

Mr. Wells, for the first time, in the evening, found himself at a loss for the response he longed to utter.

"I can only say, brothers, that truly appreciate your token of esteem I can not find words to express my feelings," said he, "and I will as our old and honored brother, the one to whom we all look with reverence Senator W. V. Blake, to extend my thanks."

The senator gallantly made the response. He made all feel glad that they were among the donors of that pretty emblem.

After the opening address delivered by the guest of honor, District Deputy L. P. Metzger, in which he paid high

FRIDAY, JANUARY 23, 1903.

The treaty between the United States and the government of Columbia, providing for the construction of the Panama canal, has been signed and there is now apparently nothing in the way of immediately beginning the construction of the great work. Discussion of an isthmian canal began more than a century ago, and for the last 40 years the project has been conspicuously before the public. Yet it is doubtful if decisive action would have yet been taken but for the expansion of the United States and the acquirement by this government of possessions in the West Indies and in the Philippines as the result of the Spanish-American war. There will be general and warm satisfaction that the long negotiations are completed and that the work can start as soon as Uncle Sam is ready. The whole world needs the canal, the United States most of all. A greater America and a more intimate relation between all of the countries on this continent will be one of the results of its building.

The United States government is experimenting with another system of wireless telegraphy, not Marconi's. The workings have been so successful that the navy department is preparing to install the system between the California coast and Hawaii, and from the latter to the Philippines. The latter range is extremely long, but the officers say it is simply a matter of more powerful currents, and promise communication between the United States and Manila within 18 months—at a cost of only \$182,000, including a station at Hong Kong. It looks as if the wireless system had come to stay.

Certain persons in Columbus have formed an anti-vaccination society and propose to resist the order of the health board that children must be vaccinated or kept out of school. In spite of the almost unanimously favorable testimony of the medical world, the old prejudice against vaccination keeps coming up, and of late years it has appeared stronger than ever. Most people, however, still prefer the dangers of vaccination to those of smallpox.

Judge Smalley, of Upper Sandusky, is out in a statement for John J. Lentz for the United States senate in case the next Ohio legislature is Democratic. The Toledo Blade approvingly remarks: "Good idea. Let the Democratic state convention endorse Lentz for the place and there will not be enough Democratic members in the general assembly to answer roll call."

Perhaps, after the kaiser's warships are through with their work of destruction in Venezuela, the German government will condescend to explain what excuse it has for its present warlike policy against a helpless people. Americans are not alone in the opinion that the bombardment of San Carlos is absolutely unwarranted.

There is one female member of the Utah legislature. She is a Gentle and is at the head of the club women of that state and she voted for Smoot for United States senator. If she wanted to set all of the women of the country to talking about her, she has probably succeeded.

It takes an armed guard to keep the Colorado legislature in order while the election of a United States senator proceeds. Strenuous politics evidently did not die out in that state when "Bloody Bridies" Waite went out of office.

General Asa W. Jones will have more friends than ever in this section if he carries out his reported intention and builds the East Liverpool-Lisbon end of his railroad first.

The senatorial deadlocks in Delaware and Colorado are strengthening popular sentiment in favor of the common sense method of choosing senators by popular vote.

that the Republicans in Ohio are without leadership. That 96,000 plurality last fall shows that they are able to worry along, however.

Senator Vest says tariff-smashing is the only issue. Nobody except Democrats has forgotten what happened when his party espoused that issue before.

As might be expected, Congressman Littlefield's anti-trust measure is a thorough piece of work.

Government Inspector and Council Discuss the Postoffice Problem.

A LOT OF NEW MATERIAL

Is Desired For the Accommodation of the Mail-Handling Force—No Decision Reached On the Important Questions Raised.

At the special meeting of council held last evening for the purpose of arriving at some definite settlement of the difficulties existing between the postoffice and the city regarding the rent, all of the councilmen were present with the exception of President Whittaker and Mr. McClain.

Vice President Brennan called the meeting to order. The first topic discussed was that of the limit of time on the lease of the postoffice room.

City Solicitor Boyd stated that the government postal inspector, E. M. Norris, who was present last evening, wanted a lease for five years. Councilman Aughinbaugh seemed very much in favor of a ten-year lease.

The following list prepared by Mr. Norris and Postmaster Snowden was read by the clerk and gives the required new equipment desired by the inspector: Six hundred and twenty-four lock boxes, 600 small locks, 21 lock drawers, 141 additional small lock boxes, 244 call lock boxes, 1 roll top desk, five feet wide; 1 flat top desk side pedestal; 3 revolving chairs; 3 cain-seated chairs, 1 mailing case, 40 pigeon holes and slip box, 1 bag rack for six bags with mail case; 1 dumping table six feet long, 1 stamping table with mailing case, 1 cabinet fil.

ing case, 1 letter press stand, 2 cases for money orders, 1 bulletin board for lobby, 1 sign for office, gilt letters for window, wardrobe, four lockers; 2 supply closets, 2 wall desks for lobby; 1 water cooler and stand, 1 clock, modern toilet room, heating and lighting system, shades for windows. The present screens can be used with addition of postmaster's room and 141 lock boxes. The room already has the greater part of this equipment.

Councilman Brennan objected to council of the growth of the list of requirements since it was first presented to council. Councilman Weaver, after learning that the postoffice inspector wanted more room, seemed very strongly against allowing the water works office to be thrown out by the government or anyone else.

It was decided that that is what would have to be done in order for the postoffice to remain in the present room.

Councilman Henderson made a motion that the postoffice remain as it is. The motion was seconded by Weaver, but when put to a vote was lost. Postoffice Inspector Norris said he would not accept any such action and said that the postoffice department would have to have more room on account of the rural free delivery.

Aughinbaugh made a motion that \$700 per year be accepted with additional room if the government pay \$600 for the room from last July. This motion was seconded by Shoub, but was also lost.

Weaver moved that the city not accept the proposition. The motion did not pass. Shoub moved that the proposition be accepted. The motion carried.

A motion was made and seconded that council adjourn. Before the motion was passed the postal inspector tried to get council to authorize the mayor and clerk to sign an agreement on the lease. The motion before the house shut the inspector off. Aughinbaugh and Henderson voted against adjournment, but the motion carried.

The matter may be brought up again at the next regular meeting of council.

I. O. O. F. Installation. Its lodge, No. 25, I. O. O. F., held its regular lodge meeting last evening in the Odd Fellows' hall. The important action of the evening was the installation of the newly-elected officers of the lodge. The installation exercises were conducted by District Deputy Wernet, of Hanover, who was a guest of the lodge. A large number of the members of the lodge were present and the meeting was also attended by several members of other lodges. The lodge at East Liverpool was well represented. All enjoyed a general good time.

New Era Club. The members of the New Era club were very pleasantly entertained last evening at the home of Miss Grace Park, on Main street. Their regular meeting night is Friday, but this week arrangements were made to hold the meeting Thursday evening. After the regular business meeting in which the lesson was discussed a social session was held and games and music were enjoyed. Light refreshments were served at a late hour.

At Potters' Hall. Fidelity Circle No. 43, P. H. C., held its regular meeting last evening in the Potters' hall, corner of Main and Ninth streets. Regular lodge business was transacted. One of the high officers of the lodge, P. H. White, of the East End, East Liverpool, was present at the meeting. Local union No. 405 Carpenters and Joiners, will occupy the same hall this evening for a regular weekly meeting.

An Italian Couple's Fight. Carmen Bonida and his wife, Nellie, two well known Italians, had a lively fist fight last night and attracted a great deal of attention. Officer Davis, as usual, when such doings are in progress, was not far away, and soon had both of the combatants in hand and took them to the station house. This morning Mayor Fogo fined them \$4.00 each, which was paid by friends and they were released.

CANTON LAWYER'S CASE BEFORE TWO JUDGES

Question of Reinstating Lawyer Kibler at the Bar to Be Acted Upon.

Lisbon, January 23.—(Special)—Court adjourned yesterday until next Wednesday, January 28, at 1 o'clock. Ordinarily this case would be heard by the entire bench of the judicial sub-division, which would include Judge Harter, of Canton, but as he was on the committee which prosecuted the disbarment proceedings against Mr. Kibler he cannot sit on the case.

TRIFLING WITH YOUR HEALTH

Is like Playing with a loaded Gun. If you have Kidney Trouble attend to it at once.

It is easy to tell whether your Kidneys or bladder are diseased. Take a bottle or glass tumbler and fill it with urine. If there is a sediment—a powder-like substance—afterstanding a day and night, if it is pale or discolored,ropy or stringy, there is something wrong with the Kidneys. Other sure signs of disease are a desire to urinate often, pain in the back, or if your urine stains linen.

There is no question that Dr. David Kennedy's Favorite Remedy is the best and surest medicine in the world for diseases of the Kidneys, Liver, Bladder and Blood, Rheumatism, Dyspepsia, Chronic Constipation and the sicknesses peculiar to women. It quickly relieves and cures inability to hold urine and the necessity of getting up a number of times during the night, and puts an end to the scalding pain when passing urine.

The Rev. Henry P. Miller, pastor Baptist Church, Spartenburg, S. C., writes:

"For years I suffered with Kidney, liver and heart troubles, swimming in the head, dull headache and numbness of the limbs. Physicians prescribed for me and I took different medicines, but none of them did me any good. But Dr. David Kennedy's Favorite Remedy cured me in about two weeks."

It is for sale by all druggists in the **New 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

ANSON'S AMBITION.
Captain Adrian Constantine Anson, of baseball fame, is a candidate for the nomination of city treasurer, of Chicago. "I've got a chance," he says. "The office has more attractions for me than the payment used to have in

baseball days. I know the others who are after it are old and wise in the political game. But watch me. I'll throw 'em out at first. A hard fight is ahead of me. But that's all right. I'm used to hard fights. I have talked to Mayor Harrison, and he has given me encouragement."

Will Play Marietta.

Joe Goddard, the former "Barrier Champion" pugilist, who was shot during a political riot in Camden county, N. J., last summer, died in the Cooper hospital, Camden, a few days ago.

Goddard was attending the Republican primaries in Pensauken township in July last, when the opposing political factions clashed. The partisans started a wordy war, which grew into a riot, and continued until Robert Washington, colored constable, shot Goddard through the head, which resulted finally in his death. Washington has been arrested on the charge of murder.

It is understood that Goddard left an estate worth more than \$100,000. Goddard was born in Pryannul, a small town in the gold fields of New South Wales, Australia, in 1862. His father was an Englishman and his mother was Irish. Joe always claimed he came by his pugilistic tendencies by the maternal side of the house. He grew up and received his schooling in Pryannul, and he often said that he believed the rugged forms of life in the gold field had much to do with shaping his career. Fighting was one of the diversions of the miners, and Joe took part in many a battle long before he thought of entering the ring. Goddard was early declared the "Barrier" champion of Australia, as he had defeated all comers. The name Barrier Champion was given him because Pryannul, his birthplace, is situated at the foot of the Barrier range of mountains that sweep across the uplands of West Australia. Goddard's last fight was a six-round draw with George Cole at Philadelphia several months ago.

Peace in the Base Ball World.
All the contention of the New York and Brooklyn clubs embraced in the minority report were sidetracked in the final agreement reached between the leagues at Cincinnati, which insures the greatest season base ball has known since the good old days of '89, when the National league and American association lived and dwelt in unity.

Suicide the Verdict.

A San Francisco dispatch says: Suicide was the verdict of a coroner's jury in the case of Winnie Mercer, the ballplayer, who was asphyxiated at the Occidental hotel, on January 13.

SPORTING MISCELLANY.

Governor Cummins has put his foot down on prize fighting in Iowa.

W. H. Clearwater and Grant Eby are matched to play a 600-point pool match for \$400, at Pittsburg, January 27, 28 and 29.

Theodore Lane Bean, who was manager of the University of Pennsylvania football team in 1900 and 1901, has been nominated by the Republicans of the borough of Morristown, Pa., for burgess.

Lewis M. Ballard died at Yonkers, N. Y., yesterday, after an illness of four months. Mr. Ballard was a member of the famous All-American rifle team, which in 1874, 1875 and 1876 defeated all comers at home and abroad.

**WABASH INTERESTS
WILL BE COMBINED****New Step in Plan of Gould System to Form Transcontinental Line.**

From Cleveland comes the report that the Wabash railroad, the Ann Arbor railroad and the Wheeling & Lake Erie, all Gould roads, will be forced into one large system and run as one road.

The name of the new road is said to be the Pittsburgh & Chicago Railroad company, and it is to have capital stock of \$200,000,000.

The deal is one of the largest which has been made for some time and is one which will be of importance from the fact that it will make a system large and strong enough to afford opposition to the eastern roads. The new system's mileage will aggregate 5,127 miles.

At the present time, although it is not generally known, the Wabash lines in the east are all operated and worked under one holding company.

The new road from Zanesville to Parkersburg, the Little Kanawha, the West Virginia Central and the Western Maryland are now operated by the Little Kanawha Holding company. This unites the eastern lines and the above junction of Gould roads unites the roads owned by these interests to St. Louis.

The news will be received with delight by the bowling enthusiasts of the city, all having signified an unusual interest in the proposed games. It is expected that quite a crowd will accompany the local team to the neighboring city, and more than the ordinary amount of enthusiasm will doubtless be displayed.

Calls Checkers Wicked.

Rev. J. R. Daniels, of Ocean Grove, objects to checkers. Some of the Methodist brethren in the Camp Meeting city have joined a checker club, and they play every night in tournament that threatens to last all winter.

At a prayer meeting in St. Paul's church, Rev. M. Daniels asked for

prayers not only for the checker players, but also for bowling Methodists,

who are holding a star league in Asbury park.

cago. "I've got a chance," he says.

There were about 100 persons pres-

ent, among them being a number of

women at the meeting. Attorney M.

A. Earnhart stated that the teachers

of the schools, the physicians and the

board of health are acting in accord-

ance with the law and quoted the stat-

**Fainted On Broadway****Woman in an Unconscious Condition Found on Sidewalk.****Upon Examination at the Hospital, Her Body was Discovered to be Covered with Scars, Caused by the Hypodermic Injection of Morphine—Facts Published as Warning to Other Women.**

The above headlines recite the actual experience of a poor wretch of a woman who had once held an honorable and lucrative position in a large mercantile house in New York. Her health began to fail, and instead of taking rest and proper medical treatment she resorted to stimulants and morphine.

"After trying different remedies with no relief I was induced to try Lydia E. Pinkham's Vegetable Compound. To my surprise and delight I found after taking my first bottle very great improvement. I continued its use and it has made me a well woman.

The hospital physician discovered that her primary trouble was an affection of the womb, which could readily have been cured in the first stages. If she had first felt those severe pains in the back, the terrible headaches, the constant sense of fullness, soreness and pain in the pelvic region, she had needed the warning that serious trouble was in store, and commenced a regular treatment with the Pinkham Remedies, as did Mrs. Rober of Chicago, whose letter follows, the polypus in the womb would have been dissolved and passed away, and to-day she would have been a well woman.

Why will women let themselves drift along into terrible suffering and sickness in this way, when there is monumental proof that Lydia E. Pinkham's Vegetable Compound is daily relieving thousands of women from this very trouble? There is no excuse for any woman who suffers to go without help. Mrs. Pinkham is very glad indeed to give her personal advice to any one who will write for it, and the following letter simply goes to prove that the Vegetable Compound will positively relieve female ills:

"Since the birth of my baby I suffered from womb trouble, backache,

uterine trouble, etc. I have been

unable to sleep at night, and have

been unable to work during the day.

After trying various remedies,

Pretty Wedding Ceremony At the New Home of the Couple On Thompson Hill.

A pretty and impressive wedding was last evening solemnized when Miss Emily Walker, daughter of Samuel Walker, of Thompson hill and Mr. Henry Horst were married at the new home of the contracting parties.

The bride was attended by Miss Emma Horst, a sister of the groom, who acted as bridesmaid. She wore a becoming gown of pink and carried roses of the same color. Attending the groom was Samuel Walker, a brother of the bride who was best man.

The bride was gowned in a costume of white and carried a large bouquet of white bride's roses.

The bridal party stood beneath a beautiful arch of simlax, while the ring ceremony of the Lutheran church was performed by Rev. J. G. Reinartz, of St. John's Evangelical Lutheran church.

The bride and groom are very popular young people of this city as was shown by the large number of beautiful gifts presented the bride. The relatives and near friends of the contracting parties composed the company present. The out-of-town guests were Mrs. Schmidtmaier and Miss Lintelberger, both of Wheeling.

Mr. and Mrs. Horst will be at home to their friends at their beautiful new home on Vine street.

LITERARY AND MUSICAL

The Excellent Entertainment Provided By Prof. Rayman's Sunday School Class.

Prof. R. E. Rayman last evening gave a delightful literary and musical entertainment to his Sunday school class of the First Presbyterian church. The class is probably the largest Sunday school class in this city, and the 90 who were last evening entertained enjoyed the hospitality of their host to the utmost. The evening concluded with the serving of an elaborate lunch con.

The literary and musical program which was appreciated by all follows: Piano solo, Miss Huston; recitation, Herman Feustel; shadowgraphs, Mr. Uster; illustrated song under the direction of Miss Campbell; ladies' quartet; games of prominent people, Miss Thompson.

By request of the class, their greetings were sent by telephone to E. D. Moore's class, which at the same hour was being entertained by its teacher Prof. Rayman, as representative, sent the following good wishes to Mr. Moore's class: "To be; to know; to do, and especially to do good to and for others."

Ball-Tarr.

Greatly to the surprise of their many friends, the information leaked out this morning of the marriage of Harry Ball and Miss Linda Tarr, two of the best known and popular young people of this city. About Christmas time Miss Tarr paid a visit to Cincinnati. Mr. Ball had been for some time attending art school in that city, and before Miss Tarr's return they were married. The bride is a popular and handsome young lady who has been a resident of East Liverpool for many years, while the groom, though young has become famous for his display of natural talent as an engraver.

Miss Nettie McBane last evening entertained her Sunday school class of the First Presbyterian church at her home on Prospect street. Games and music were the amusements. Light refreshments were served. A very enjoyable time was had by all present.

THE CLEAN SWEEP SALE

GROWS MORE POPULAR EACH DAY.

JUST BEST tells the whole story. If there is one policy we enforce more than any other, it is the policy of making each season take care of itself--to show its own profits or to suffer its own losses. The past year was one of prosperity for us; more business than ever, more stocks and consequently more reductions.
